

PROCEDURES FOR REQUESTING INSPECTIONS

The Automated Inspection System allows callers to use a touch tone telephone to schedule an inspection, cancel an inspection, or hear inspection results.

Inspections scheduled by 11:59 p.m. Monday thru Saturday will be conducted the next business day.

Inspections schedule by 11:59 p.m. on Sunday will be conducted the following Tuesday.

You must have your 2 digit year and 5 digit permit application number available to use this system. This number is located on your Building Permit Application Receipt and your Building Permit Card.

If you experience difficulty, please call 407-971-5755 Monday-Friday 8:00 am - 5:00 pm for assistance.

All Electrical, Mechanical & Plumbing sub-contractors have the same permit number as the General Contractor.

TO SCHEDULE AN INSPECTION:

- Dial 407-971-5838
- Enter your 2 digit year and 5 digit permit application number
- The type of inspection requested must be scheduled under the appropriate permit type
- Follow the prompts
