## CITY OF OVIEDO FLORIDA

400 ALEXANDRIA BLVD • OVIEDO, FLORIDA 32765

407-971-5555 • [WWW.CITYOFOVIEDO.NET](http://WWW.CITYOFOVIEDO.NET)

March 21, 2022

To the Honorable Mayor and City Council Members  
And the Citizens of the *City of Oviedo, Florida*

We are pleased to submit the Annual Comprehensive Financial Report (ACFR) of the City of Oviedo, Florida, for the fiscal year ended September 30, 2021. This report fulfills the requirements of the City Charter, Florida Statutes, and the Rules of the Florida Auditor General. It is presented in conformity with generally accepted accounting principles (GAAP) and audited by an independent firm of certified public accountants. The organization, form and contents of this report plus the accompanying financial statements and statistical tables are formulated in accordance with the principles prescribed by the Governmental Accounting Standards Board (GASB), the State of Florida and the Government Finance Officers Association of the United States and Canada (GFOA).

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that has been established for this purpose. Because the cost of internal controls should not exceed the anticipated benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free of any material misstatements. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects and is reported in a manner designed to fairly set forth the financial position and results of operations of the City of Oviedo, Florida as measured by the financial activity of its various funds.

Purvis, Gray and Company, LLP, a firm of licensed certified public accountants, has audited the City's financial statements. The goal of the independent audit is to provide reasonable assurance that the financial statements of the City for the year ended September 30, 2021, are free of material misstatement. The independent audit involved examining on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified ("clean") opinion on the City's financial statements for the year ended September 30, 2021, and that the statements are fairly presented in conformity with GAAP. The independent auditor's report is presented at the front of the Financial Section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This transmittal letter is designed to complement the MD&A and should be read in conjunction with it. The City of Oviedo's MD&A can be found immediately following the report of the independent auditors.

## **Profile of the City**

The City of Oviedo, Florida was incorporated in 1925. Located in Central Florida and considered part of the Orlando Metropolitan area, the City encompasses approximately 16 square miles and is home to approximately 40,145 residents.

In accordance with the City Charter, the City Council operates under the Council-City Manager form of government. The City Council consists of a Mayor and four Council Members elected at-large. The Council appoints a City Manager who is the administrative head of the City and directs the business of the City and its departments. The City provides a full range of services to its citizens. These services include law enforcement; fire and rescue services; public works including engineering services, stormwater maintenance, fleet maintenance, landscaping and right of way maintenance, street and sidewalk maintenance, water and wastewater utility services; recreation and parks; development services, including building services, code enforcement, planning and development review; and general administrative services.

The annual budget serves as the foundation for the City of Oviedo's financial planning and control. The City Charter requires the City Manager to submit the proposed budget and the City Manager's Budget Message to the City Council on or before July 31<sup>st</sup> of each year. The City Council is then required to hold public hearings on the proposed budget and adopt a final budget by resolution on or before September 30<sup>th</sup> of the fiscal year currently ending. The budget is legally adopted at the fund level. Expenditures may not legally exceed appropriations at the fund level. Transfers of appropriations between funds require the approval of City Council. The budget may be formally amended by the City Council at any time. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the General Fund, this comparison is presented as part of the Required Supplementary Information (RSI) subsection of this report. For other governmental funds with appropriated budgets, this comparison is presented in the Combined and Individual Statements subsection of this report. The financial plan may be obtained from the City's Budget Department or the City's website <http://www.cityofoviedo.net>.

## **Local Economy**

The City of Oviedo is greatly encouraged by its most recent economic trends. The City's 2021-22 total taxable property assessed valuation increased 4.18% from the previous fiscal year. Estimates are not yet available for fiscal year 2022-23, however, the trend is expected to maintain its positive momentum. The unemployment rate for Seminole County was 3.8% for September 2021, which is lower than the State of Florida's rate of 4.8%, and the national average of 4.7%.

In March 2013, the City broke ground on Oviedo on the Park, the City's new downtown neighborhood for living, working and playing. At the heart of Oviedo on the Park is Center Lake Park and the Amphitheater/Cultural Center, which were completed in May of 2015. To date, 552 apartments, 219 townhomes, 44 single family homes, and 45,108 square feet of commercial use space has been constructed. Future phases will include additional commercial retail, restaurants, offices and mixed-use residential over commercial development.

Seminole County, in conjunction with the City of Oviedo and the Florida Department of Transportation, is currently widening State Road (SR) 426 and County Road (CR) 419 in the City of Oviedo. The project has been divided into three phases. Construction of Phase 1, SR 434 Widening from Smith Street to Franklin Street, started in January 2017 and is complete. The design of Phase 2 and right-of-way acquisition, from Pine Avenue to Adeline B Tinsley Way

(formerly Avenue B), is complete. Construction of Phase 2 is underway. Phase 3, from Adeline B Tinsley Way to west of Lockwood Boulevard, is currently not funded and is a County only project.

The City completed construction of the City's new downtown regional stormwater pond, Solary Park, in early 2022. The pond is located in the City's historic downtown area located on the south side of Franklin Street and west side of Geneva Drive. The intent of the pond is to provide a master drainage facility within the historic downtown to facilitate and incentivize economic development and redevelopment of the City's downtown core. Stormwater management is an important factor to consider in encouraging future private sector investment.

Money.com ranked Oviedo as the 43<sup>rd</sup> best place to live in America and was the only Florida city named on the list. Money.com reviewed cities and towns with populations greater than 25,000, and reviewed statistics such as crime rate, median income level, diversity, the housing market, cost of living, public education, weather, lifestyle and amenities. How Money Walks rated Oviedo as the 3<sup>rd</sup> best place to raise kids in the U.S. in 2015 outranking places in Colorado and Texas due to our highly rated public schools, coupled with a median household income of \$81,068 and the absence of a state income tax. Additionally, the access to year-round outdoor recreation and affordable cost of living makes Oviedo one of the best places to raise kids. How Money Walks utilized data that tracks the migration of Americans and their income and the resulting effect on jurisdictions. Furthermore, Oviedo was named a Healthy Weight Community Champion in 2014, 2015, 2016, 2017 and again in 2018 for its commitment to promoting physical activity and for increasing awareness to improve nutrition through policy and environmental change. Oviedo continues to be one of the 20 Safest Cities to live in the State of Florida as evidenced by Safe Choice Security in 2014 as well as a Most Charitable Community in Central Florida by the Orlando Business Journal in 2013. These prestigious recognitions are in addition to previous acknowledgements from Family Circle's "10 Best Towns for Families", Relocate America's, "Top 100 Cities to Live", Coldwell Banker's "Top 25 Suburbs to Live in Florida", and Bloomberg Business Weeks "Best Places to Raise Kids 2013".

### **Long-term Financial Planning**

The Budget serves as the annual financial plan for the City. It articulates public priorities, helps management make informed choices about the allocation of resources, promotes effective communications, establishes broad goals and management strategies to guide decision making and develops approaches to achieve those goals. The City develops and maintains a three (3) to five (5) year financial trend model that forecasts revenues and expenditures based on a set of accepted assumptions. A ten (10) year Capital Improvement Program is prepared and updated annually to reflect the capital investment needs of the City consistent with the Comprehensive Plan and other master plans approved by the City Council. Management has developed fiscal policies for the adopted financial plan regarding revenues, expenditures, reserves, capital improvements and debt management.

### **Relevant Financial Policies**

Budget and financial policies adopted by the City are intended to guide elected officials, the City Manager and staff in their on-going roles as financial stewards of the City. Financial reserve policies have been established to provide sufficient cash flow for daily financial needs, to offset significant economic downturns or revenue shortfalls, and to provide for unforeseen expenditures related to emergencies or other unanticipated needs. The General Fund financial reserve policy is to maintain at a minimum, un-appropriated fund balance equal to fifteen percent (15%) of the

annual General Fund expenditure budget. Should the unassigned fund balance fall below 15%, the City Council will take necessary steps to replenish the reserve to the target level prior to the close of the following fiscal year. In order to protect the resources necessary to ensure continued operations of the Water and Sewer Utility System, a working cash reserve shall be established equal to a minimum of ninety (90) days of the Utility System's operating budget less depreciation. Debt management policies include maintaining minimum debt service coverage of 125% in the Water and Sewer Utility Fund (income available for debt service divided by the maximum debt service requirement). The City shall also maintain a minimum capital reserve balance in the Water and Sewer Renewal and Replacement Fund equal to fifty percent (50%) of the prior year depreciation expense for plant and equipment. The City constantly reviews its outstanding debt for the purpose of determining if the financial marketplace will afford the City the opportunity to refund an issue in an effort to reduce debt service costs. The City has also adopted an investment policy that governs cash reserves in excess of amounts needed to meet current expenses. The objectives are to first protect and safeguard City funds; second, to provide sufficient liquidity to meet operating, payroll and capital requirements; and third, to maximize return on the City's portfolio while minimizing risks. During the fiscal year, the City's investment portfolio earned 0.02% as calculated using the average portfolio balance.

### **Awards and Acknowledgements**

The GFOA awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its ACFR for the fiscal year ended September 30, 2020, which is the 30<sup>th</sup> time the City has received this prestigious award. The Certificate of Achievement is a national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report whose contents conform to program standards. Such ACFR must satisfy both GAAP and applicable legal requirements. A Certificate of Achievement is valid for a period of one (1) year only. The City believes the current report continues to conform to the Certificate of Achievement program requirements and will be submitting it to the GFOA to determine its eligibility for another certificate.

Additionally, the City received the GFOA's Award for Distinguished Budget Presentation for its annual financial plan for the fiscal year beginning October 1, 2020, the same period covered by this ACFR. This was the 16<sup>th</sup> consecutive year that the City has received this prestigious award. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan and as a communications device. This award is valid for a period of one (1) year only.

The preparation of the ACFR, on a timely basis, was made possible by the dedicated service of the entire staff of the City's Finance Department. Each department member has our sincere appreciation for the contribution made in the preparation of this report. The other City departments, although not extensively involved in year-end audit activities, contributed significantly by ensuring the accuracy and integrity of accounting information compiled throughout the year. Without their diligence, the work of the Finance Department would have been considerably more difficult. Appreciation must also be expressed to the City's auditors whose suggestions and attention to detail enhanced the quality of this report.

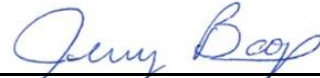

In closing, we would also like to thank the members of the City Council for their active support of our efforts for maintaining fiscal accountability and responsibility for the City.

Respectfully submitted,

## INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and City Council  
City of Oviedo  
Oviedo, Florida

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Oviedo, Florida (the City) as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Oviedo, Florida

## INDEPENDENT AUDITOR'S REPORT

### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

### Other Matters

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and pension and other postemployment benefit information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual non-major fund financial statements, schedules of budgetary comparison information, and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining and individual non-major fund financial statements, schedule of expenditures of federal awards, and schedules of budgetary comparison information are the responsibility of management and were derived from, and relate directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements, schedule of expenditures of federal awards, and schedules of budgetary comparison are fairly stated in all material respects in relation to the financial statements as a whole.

**This page intentionally left blank**

Honorable Mayor and City Council  
City of Oviedo  
Oviedo, Florida

### INDEPENDENT AUDITOR'S REPORT

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated March 21, 2022, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

**This page intentionally left blank**

## City of Oviedo, Florida Management's Discussion and Analysis

The purposes of the City of Oviedo, Florida's (the City) Management's Discussion and Analysis (MD&A) are to:

- Assist the reader in focusing on significant financial issues.
- Provide an overview of the City's financial activity.
- Identify changes in the City's financial position (its ability to address the next and subsequent year challenges).
- Identify any material deviations from the financial plan (the approved budget).
- Identify individual fund issues or concerns.

The MD&A focuses on the current year's activities, resulting changes, and currently known facts. Therefore, it is recommended that it be read in conjunction with the Transmittal Letter beginning on page i and the City's financial statements beginning on page 16.

### Financial Highlights

- At the close of fiscal year 2021, the City's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by \$147,636,180 (*net position*). Of this amount, \$34,319,576 (unrestricted net position) may be utilized to meet the City's ongoing obligations to citizens and creditors.
- During the fiscal year 2021, the City's total net position increased by \$10,277,118, or 7.5%.
- At the close of the fiscal year 2021, the City's governmental funds reported combined ending fund balances of \$22,762,246, an increase of \$991,707 in comparison with the prior year. Approximately 47.6%, or \$10,832,335 of the total amount, is *unassigned fund balance* and is available for spending at the City's discretion.
- At the end of the current fiscal year, unrestricted fund balance (the total of the *committed*, *assigned*, and *unassigned* components of *fund balance*) for the governmental funds was \$13,600,538, or approximately 29.5% of total governmental funds expenditures.
- The City's total debt decreased by \$7,485,275 during the current fiscal year.

### Overview of the Financial Statements

The financial statements focus on both the City as a whole (government-wide) and on the major individual funds. Both perspectives (government-wide and major fund) allow the user to address relevant questions, broaden a basis for comparison (year-to-year or government-to-government) and enhance the City's accountability.

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements, which are comprised of the following three (3) components:

- Government-Wide Financial Statements
- Fund Financial Statements
- Notes to the Financial Statements

### Government-Wide Financial Statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *Statement of Net Position* presents financial information on all of the City's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

## City of Oviedo, Florida Management's Discussion and Analysis

The *Statement of Activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety, physical environment, economic development, and recreation and parks. The business-type activities of the City consist of the water and sewer systems, stormwater system, and the Twin Rivers golf course.

The government-wide financial statements include only the City itself (known as the *primary government*) and one blended component unit (The City of Oviedo Community Redevelopment Agency). The business-type activities function as departments of the City and, therefore, have been included as an integral part of the primary government.

The government-wide financial statements can be found on pages 16-18 of this report.

### Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three (3) categories: governmental, proprietary, and fiduciary funds.

### Governmental Funds

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows* and *outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating the City's *near-term* financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's *near-term* financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains twenty-five (25) individual governmental funds. Information is presented separately in the governmental fund Balance Sheet and in the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances for the General Fund, 3<sup>rd</sup> Generation Sales Tax and Community Redevelopment Agency, which are considered to be major funds. Data from the other twenty-two (22) governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements in this report, immediately following the notes to the financial statements and required supplementary information.

## **City of Oviedo, Florida Management's Discussion and Analysis**

The City adopts an annual appropriated budget for its General, 3<sup>rd</sup> Generation Sales Tax, Community Redevelopment Agency, certain Special Revenue and Debt Service Funds, except for the State Pension Contributions. Budgetary comparison schedules have been provided for these funds to demonstrate compliance with the budget, and are presented as required supplementary information for the General Fund, 3<sup>rd</sup> Generation Sales Tax, Community Redevelopment Agency, and combining schedules for the non-major governmental funds.

The basic governmental fund financial statements can be found on pages 19-22 of this report.

### **Proprietary Funds**

The City maintains two (2) proprietary fund types. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprise funds to account for its water and sewer system, stormwater system, and Twin-Rivers golf course. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its self-insurance health plan and city paid employee long-term disability and life insurance, fleet maintenance operations, and its property and casualty insurance deductible expenses. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

The basic proprietary fund financial statements can be found on pages 23-26 of this report.

### **Fiduciary Funds**

Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 27-28 of this report.

### **Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 29-67 of this report.

### **Required Supplementary Information (RSI)**

RSI can be found on pages 68-78 of this report.

### **Other Information**

The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the RSI. Combining and individual fund statements and schedules can be found on pages 79-115 of this report.

### **Government-Wide Financial Analysis**

#### *Statement of Net Position*

As noted earlier, net position may serve over time as a useful indicator of the City's financial position. In the case of the City, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$147,636,180 (*net position*) as of the close of the most recent fiscal year.

**City of Oviedo, Florida**  
**Management's Discussion and Analysis**

The largest portion of the City's net position (104,614,166 or 70.9%) reflects its investment in capital assets of the City's net position reflects its investment in capital assets (e.g., land, buildings, improvements, infrastructure, vehicles and equipment); less any related outstanding debt used to acquire those assets. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

\$8,702,438 of the City's net position represents resources that are subject to external restrictions on how they may be used, primarily for capital improvements. The remaining balance of *unrestricted net position* (\$34,319,576 or 23.2%) may be used to meet the City's ongoing obligations to citizens and creditors.

The following table reflects the condensed *Statement of Net Position* for the current and prior year. For more detailed information, see the *Statement of Net Position* on page 16.

**Statement of Activities**

The following table reflects the *Statement of Changes in Net Position* for the current and prior year. For more detailed information see the *Statement of Activities* on pages 17-18.

Fiscal year 2021, activities increased the City's net position by \$10,277,118, or 7.5%. The previous fiscal year, 2020, net position increased by \$6,395,863, or 4.9%.

Governmental activities increased net position by \$6,611,252 in fiscal year 2021 compared to an increase of \$5,956,453 in 2020. Fiscal year 2021 activities increased net position primarily due to an increase in ad valorem tax revenue.

**City of Oviedo, Florida**  
**Management's Discussion and Analysis**

Business-type activities increased net position by \$3,665,866, or 6.2%, in fiscal year 2021 compared to an increase of \$439,410 or 0.7%, in 2020. Fiscal year 2021, the net position for the Twin Rivers Golf Course Fund increased \$212,486 which is up from the previous year's increase of \$103,926.

Following the *Changes in Net Position* table is a series of bar and pie charts that relay in pictorial form the revenues and expenses for each of the governmental and business-type activities, as well as the revenue "source" for each.

Additional information regarding the changes in fund balances of the governmental and business-type activities can be found in the section entitled Financial Analysis of the City's Funds on page 11.

**City of Oviedo, Florida**  
**Management's Discussion and Analysis**

Note that the first graph depicts governmental program-specific revenues and expenses. For this graph, the revenue includes charges for services, operating grants and contributions, and capital grants and contributions. This chart is intended to show the amount of program expenses funded by specific program revenues.

### **Financial Analysis of the City's Funds**

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

#### **Governmental Funds**

The focus of the City's *governmental funds* is to provide information on *near-term* inflows, outflows, and balances of *spendable resources*. Such information is useful in assessing the City's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of September 30, 2021, the City's governmental funds reported combined ending fund balances of \$22,762,246, an increase of \$991,707 in comparison with the prior year. Approximately 47.6% of this total amount, \$10,832,335, constitutes unassigned fund balance, which is available for spending at the City's discretion. The remainder of fund balance, \$11,929,911, is either non-spendable, as inventories and prepaid items, restricted for special revenue funds, debt service funds, and capital projects, or committed or assigned to specific purposes.

The General Fund is the chief operating fund of the City. At September 30, 2021, the unassigned fund balance of the General Fund was \$10,654,137, while the total fund balance was \$11,273,949. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 36.7% of total General Fund expenditures, while total fund balance represents 39.0% of that same amount.

During the current fiscal year, the fund balance of the City's General Fund increased by \$769,689, due to an increase in property tax revenue.

The Community Redevelopment Agency increased in fund balance by \$637,995, due to an increase in property values within the Community Redevelopment Agency.

The 3rd Generation Sales Tax fund decreased in fund balance by \$2,795,179, due to expenditures related to capital projects occurring during the fiscal year.

The total fund balance of all the non-major governmental funds is \$7,391,514, a net increase of \$2,379,202 when compared with the prior year.

#### **Proprietary Funds**

The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net position of the Water and Sewer Utility Fund at September 30, 2021, amounted to \$21,617,563. There was an increase in net position of the Water and Sewer Utility Fund of \$2,728,883 in 2021 compared to a decrease of \$139,759 in 2020. The change is in part due to an increase in charges for service from the previous year of \$742,204 and capital contributions which increased \$2,360,362.

Unrestricted net position of the Stormwater Utility Fund at September 30, 2021, amounted to \$2,043,203. There was an increase in net position of the Stormwater Utility Fund of \$724,497 in 2021 compared to an increase of \$475,243 in 2020. The change was primarily due to an increase of \$370,683 in intergovernmental revenues from FEMA.

**City of Oviedo, Florida**  
**Management's Discussion and Analysis**

The Twin Rivers Golf Course Fund was created in 2017 to account for the management activities of the golf course property that is owned by the Stormwater Utility Fund. In fiscal year 2021, the fund's net position increased by \$212,486, primarily due to an increase in charges for services revenue of \$319,070 as compared to last year.

**General Fund Budgetary Highlights**

Differences between the Adopted Budget and the final amended budget (\$978,309 increase in revenues and \$690,946 increase in appropriations) can be briefly summarized as follows:

**Revenues:**

- Increase in Business Receipts Taxes of \$24,392
- Increase in Occupational Licenses of \$4,000
- Decrease in Charges for Services related to Police Services of \$26,866
- Increase in Federal Grants of \$941,258
- Increase in State Grants of \$35,525

Proceeds from Sales of Assets increased by \$926,440 primarily caused by the sale of the Oviedo Materials Landfill.

Transfers in increased by \$88,880. This includes increases in transfers from the following funds:

- Increase in Transfers from the OSC Extension Landfill of \$85,096
- Increase in Transfers from the DEA Fund of \$3,784

**Expenditures:**

Adjustments within the various General Fund departments resulted in an increase in expenditures of \$690,946.

Transfers out increased by \$3,749,540. This includes increases in transfers to the following funds:

- Vehicle Replacement Fund of \$1,054,055 to cover additional expenses.
- Debt Service Fund of \$1,324,909 to cover the early payoff of various notes.
- General Facility Improvement Fund of \$348,583 to cover the early payoff of intercompany loans.
- Lease Financing Fund of \$197,722 to cover the early payoff of various leases.
- Recreation Facility Improvement Fund of \$520,000 to cover grant expenses.
- Health Insurance Fund of \$304,271 to transfer the excess of budget over actual expenditures incurred.

Increases in expenditures were partially offset by the use of fund balance. The General Fund use of fund balance was approved to help fund the increase in expenditures and various transfers noted above.

Differences between the final amended budget and actuals (\$951,735 increase in revenues and other financing sources and \$2,403,702 decrease in expenditures and other financing uses) can be briefly summarized as follows:

**Revenues:**

Actual year-end revenues were over budget by \$951,735, or 3.0%. This variance is attributed primarily to an increase in the following:

**City of Oviedo, Florida**  
**Management's Discussion and Analysis**

- Property Taxes of \$120,011
- Utility Service Taxes of \$239,472
- Licenses, Permits, and Fees of \$77,721
- Intergovernmental Revenues of \$1,104,084
- Special Assessments of \$903
- Miscellaneous Income of \$36,404
- Sale of Capital Assets of \$21,575

These increases were offset by decreases in the following:

- Charges for Services of \$571,922
- Investment Income of \$12,775
- Fines and Forfeitures of \$50,801
- Business Receipts of \$12,937

**Expenditures:**

Actual year-end expenditures were under budget by \$2,403,702, or 7.7%. The variance was primarily attributable to decreases in the following:

- Salaries and Benefits of \$1,217,352 due to Open Positions
- Travel and Per-Diem of \$55,662
- Repairs and Maintenance of \$79,397
- Operating Supplies of \$227,299
- Professional Services of \$331,973
- Books, Publications, and Subscriptions of \$82,067
- Other Operating of \$291,359
- Capital Expenditures of \$247,600

**Overall:**

The net increase in fund balance was \$769,689.

**Capital Asset and Debt Administration**

*Capital Assets*

The City's total capital assets for its governmental and business-type activities as of September 30, 2021, amounts to \$170,096,362 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, infrastructure, and machinery and equipment. The total increase in the City's total capital assets for the current fiscal year was \$563,915 (a 0.3% increase in total assets).

**City of Oviedo Capital Assets**

**City of Oviedo, Florida**  
**Management's Discussion and Analysis**

Additional information on the City's capital assets can be found in Note 4-D in the accompanying notes to financial statements.

**Long-Term Debt**

At September 30, 2021, the City had \$54,460,000 in bonded debt outstanding. Of this amount, \$5,183,000 related to General Obligation Notes, \$3,813,000 related to Public Improvement Revenue Notes, \$2,950,000 related to Capital Improvement Revenue Notes, and \$42,514,000 related to Utility Revenue Bonds/Notes.

In addition, the City had \$2,771,899 related to the State Revolving Fund Loan, and \$1,467,666 related to capital leases on equipment.

There was a reduction in principal outstanding of \$6,288,000 in annual principal payments for outstanding bond and note issues, and principal payments totaling \$305,886 on the state revolving loan. There was a reduction of \$736,849 in principal payments for outstanding capital leases.

There are no limitations placed on the amount of debt the City may issue either by the City's charter, code of ordinances, or by the Florida State Statutes. The City's charter does require voter referendum for any lease purchase contracts or any other unfunded multi-year contracts for the purchase of real property or the construction of any capital improvement (exceeding \$5,000,000 per fiscal year), the repayment of which extends beyond the end of any fiscal year.

The City's Water and Sewer Utility Revenue Bonds obtained a one-level upgrade to the City's Utility Bonds from S&P in June 2009 (from AA- to AA). This rating was reaffirmed by S&P in October 2020. In November of 2020, Moody's reaffirmed its Aa3 rating.

Additional information on the City's long-term liabilities can be found in Note 4-G in the accompanying notes to financial statements.

**Economic Factors and Next Year's Budgets and Rates**

The City's elected and appointed officials considered many factors when adopting the FY 2021-22 Budget. The Adopted Budget reflects the culmination of the City's efforts to balance the General Fund budget, while maintaining service levels for core City services. The General Fund property millage rate

**City of Oviedo, Florida**  
**Management's Discussion and Analysis**

for FY 2021-22 increased to 5.1275 mills, which is 3.94% greater than the rolled back millage rate of 4.9333 mills. The property millage rate for the General Obligation Bonds decreased from .1590 mills to .1545 mills, a decrease of 2.83%. The combined millage rate for both the Ad Valorem and General Obligation Bonds in FY 2020-21 was 5.2820 mills, the total combined millage rate for FY 2021-22 remains at 5.2820 mills.

The FY 2021-22 General Fund budget of \$34,560,698 is \$1,618,773, or 4.91%, greater than the FY 2020-21 Adopted Budget. The FY 2021-22 General Fund budget was adopted with the use of fund balance, leaving the unassigned fund balance for the General Fund at \$9,693,254. The unassigned fund balance is projected to be \$8,726,333 or 26.84% of the Adopted Budget General Fund expenditures less transfers. Thus, the City continues to meet its Fund Balance Reserve Policy.

As a result of the increase in the City's tax base (gross taxable value) of 4.18%, and an increase in the Ad Valorem millage rate, the General Fund budgeted revenues for property taxes increased \$606,018, or 4.02%, from FY 2020-21.

FY 2021-22 non-Ad Valorem revenues of \$15,780,231 increased by \$1,084,663 measured against the FY 2020-21 non-Ad Valorem tax base of \$14,695,568. The increase is primarily due to increases in the following:

- Utility Service Taxes of \$177,334
- Franchise Fees of \$71,110
- State Half Cent Sales Tax of \$478,439
- State Shared Revenues of \$432,719
- Recreation Activity Fees of \$24,472
- Fines and City Business Tax Receipts of \$15,943

The increases were offset by decreases in the following revenues:

- Development Service Fees of \$52,850
- Reimbursement from the Seminole County School Board of \$42,455
- Fines and Forfeitures of \$6,400
- Miscellaneous Revenues of \$16,901

The total Adopted Budget for all City funds combined of \$72.92 million (exclusive on inter-fund transfers) is \$3,029,693, or 3.99%, less than the FY 2020-21 total Adopted Budget.

The City's tax base increased by \$133.4 million, or 4.18%, as compared to fiscal year 2020, based on the Certification of Taxable Value as provided by the Seminole County Property Appraiser.

**Requests for Information**

This financial report is designed to provide a general overview of the City's finances for all of those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Office of the Finance Director, City of Oviedo, 400 Alexandria Boulevard, Oviedo, Florida 32765.

**Reconciliation of the Balance Sheet to the Statement of Net Position**

**Governmental Funds**

September 30, 2021

**Total Fund Balances of Governmental Funds** \$ 22,762,246

**Amounts Reported for Governmental Activities in the Statement of  
Net Position are Different Because:**

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds:

Government Capital Assets	\$ 154,475,805	
(Less Accumulated Depreciation)	<u>(76,122,780)</u>	78,353,025

The internal service funds are used by management to charge the costs of health insurance, long-term disability, life insurance, and fleet maintenance. The net position of the internal service funds, net of its capital assets included above and pension related accounts, are included in governmental activities in the Statement of Net Position.

2,548,745

Deferred outflows and inflows of resources are not available in the current period and, therefore, are not reported in the governmental funds. Deferred Outflows and Inflows of Resources at year-end consist of:

Deferred Outflows Related to Pensions	3,259,298	
Deferred Outflows Related to OPEB	705,555	
Deferred Loss on Refunding	14,036	
Deferred Inflows Related to Pensions	(7,070,451)	
Deferred Inflows Related to OPEB	<u>(87,875)</u>	(3,179,437)

Net pension assets are not available to pay current expenditures and, therefore, are not reported in this fund financial statement, but are reported in the governmental activities in the Statement of Net Position.

3,165,249

Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds. Long-term liabilities at year-end consist of:

Governmental Bonds and Notes Payable	(11,946,000)	
Unamortized Discount	3,354	
Lease Payable	(1,467,666)	
Compensated Absences	(2,322,411)	
Net Pension Liability	(773,948)	
Accrued Interest Payable	(170,058)	
Net OPEB Liability	<u>(2,514,235)</u>	<u>(19,190,964)</u>

**Total Net Position of Governmental Activities in the Statement of Activities** \$ 84,458,864

City of Oviedo, Florida

**Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities**

For the Year Ended September 30, 2021

<b>Net Change in Fund Balances, Total Governmental Funds</b>	<b>\$</b>	<b>991,707</b>
<b>Amounts Reported for Governmental Activities in the Statement of Net Position are Different Because:</b>		
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of these assets is depreciated over their estimated useful lives:		
Expenditures for Capital Assets	\$ 5,892,727	
Less: Current Year Depreciation	<u>(4,062,848)</u>	1,829,879
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.		(596,584)
In the Statement of Activities, only the loss on the sale/disposal of capital assets is reported. However, in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the cost of the capital assets sold/disposed.		(725,635)
Repayment of long-term debt is an expenditure in the governmental funds. But the repayment reduces long-term liabilities in the Statement of Net Position:		
Principal Payments		2,872,849
Governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. The amount is the net effect of these difference in the treatment of these items.		(2,610)
Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds:		
Change in Long-Term Compensated Absences	72,328	
Change in Landfill Closure Liability	154,540	
Change in Accrued Interest	<u>26,712</u>	253,580
The change in the net pension liability (assets) and deferred inflows and outflows related to pensions is reported in the Statement of Activities, but not in the fund statements.		1,559,880
The change in the net OPEB liability and deferred inflows and outflows related to OPEB is reported in the Statement of Activities, but not in the fund statements.		(293,981)
Internal service funds are used by management to account for the cost of health insurance, long-term disability, life insurance, and fleet maintenance. The net revenue of certain activities of internal service funds is reported with governmental activities.		722,167
<b>Change in Net Position of Governmental Activities</b>	<b>\$</b>	<b><u>6,611,252</u></b>

The notes to the financial statements are an integral part of the financial statements.

**This page intentionally left blank**

## **NOTES TO FINANCIAL STATEMENTS**

**This page intentionally left blank**

**Note 1 - Summary of Significant Accounting Policies**

**A - Description of Government-Wide Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. All fiduciary activities are reported only in the fund financial statements. *Governmental activities*, which normally are supported by taxes, intergovernmental revenues, and other non-exchange transactions, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges to external customers for support.

**B - Reporting Entity**

The City of Oviedo, Florida (the City), a municipality that was incorporated under Chapter 10950, *Laws of Florida* in 1925, operates under the Council - City Manager form of government. The City is located near the center of the State of Florida in the eastern section of Seminole County.

The City is a municipal corporation with a five-member council, including the Mayor. The Chairman acts as the presiding officer of the council, with the Deputy Mayor serving during the Mayor's absence.

The City provides a full range of municipal services, including police and fire protection, public works activities, parks and recreation, planning and development, and general administrative services. In addition, the City operates a water and sewer utility, stormwater utility, and golf course.

In evaluating how to define the City, for financial reporting purposes, management has considered all potential component units. The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's governing body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

A primary government has the ability to impose its will on an organization if it can significantly influence the programs, projects, or activities of, or the level of services performed or provided by, the organization. A financial benefit or burden relationship exists if the primary government: (a) is entitled to the organization's resources; (b) is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization; or (c) is obligated in some manner for the debt of the organization. In applying the above criteria, the City has one blended component unit as follows:

The City Council adopted City Resolution 1836-08 in June of 2008, thereby creating the Community Redevelopment Agency (CRA) of Oviedo. This is a dependent taxing district established in accordance with Chapter 163, Part III, Florida Statutes. Notification to the affected taxing authorities was done in compliance with Chapter 163.346, Florida Statutes. Taxes are levied annually on the incremental increase in taxable value over the base year. The tax revenues will be used to fund projects designed to enhance and improve the described area. The purpose of the CRA is to utilize appropriate private and public resources to rejuvenate blighted areas by establishing and stimulating new development, creating new job opportunities, and focusing public investment in designated areas within the City. The term of the CRA's existence is 30 years.

The Oviedo Community Redevelopment Plan was adopted by Ordinance No. 1496 by the City Council to govern the use of these resources. The City Council serves as the governing board of the CRA, along with two (2) representatives of the Seminole County government or selected by the Seminole County government. The adoption of Ordinance No. 1496 and modified by Ordinance No. 1510, established the Redevelopment Trust Fund to account for all transactions generated by activity within the CRA. Separate financial statements are issued for the CRA.

#### **C - Basis of Presentation - Government-Wide Financial Statements**

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and the internal service funds, while business-type activities incorporate data from the City's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's water and sewer function and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

The statement of activities demonstrates the degree to which direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

#### **D - Basis of Presentation - Fund Financial Statements**

The fund financial statements provide information about the City's funds, including its fiduciary funds. Separate statements for each fund category (governmental, proprietary, and fiduciary) are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

The *Community Redevelopment Agency* was established as a dependent taxing district. The incremental annual increase in tax over the base year will be used to fund projects designed to enhance and improve the described area.

The *3<sup>rd</sup> Generation Sales Tax Fund* was established to account for the City's construction projects approved to use the extra one cent sales tax approved by voters.

The City reports the following major enterprise funds:

The *Water and Sewer Utility Fund* is used to account for the City's water and sewer operations and related capital improvements, which are financed in a manner similar to private business enterprises, where the costs, including depreciation, of providing services to the general public are financed primarily through user charges.

The *Stormwater Utility Fund* is used to account for the City's stormwater operations and related capital improvements, which are financed in a manner similar to private business enterprises, where the costs, including depreciation, of providing services to the general public are financed primarily through user charges.

The *Twin Rivers Golf Course Fund* is used to account for the City's golf operations, which are financed in a manner similar to private business enterprises, where the costs of providing services to the general public are financed primarily through user charges.

Additionally, the City reports the following fund types:

*Internal Service Funds* are an accounting device used to accumulate and allocate costs internally among a government's various functions. The City utilizes internal service funds for the City's self-insured health insurance plan; for the City's Insurance Deductible Fund, which accounts for the City's insurance deductible expenses relating to general liability, property, and workers compensation claims; and for fleet maintenance operations. Because services accounted for in the internal service funds predominately benefit governmental rather than business-type functions, they have been included within the governmental activities in the government-wide financial statements and are presented separately in the proprietary fund financial statements.

*Pension Trust Funds* account for the activities of The Police Officers' Retirement Trust Fund and the Firefighters' Pension Trust Fund, which accumulate resources for pension benefit payments to the respective qualified public safety employees.

*Special Revenue Funds* account for specific revenue sources that are restricted by law or administrative action to expenditures for specific purposes. Non-major special revenue funds include the Capital Expansion Fund, Local Option Gas Tax Fund, State Law Enforcement Fund, Federal DEA Grant (Forfeiture) Fund, Sidewalk Fund, Streetlight Fund, State Pension Contributions Fund, Solid Waste Fund, Building Services Fund, Transportation Impact Fees Fund, Law Enforcement Fund, Police Donations Fund, and Second Dollar Education Fund.

*Debt Service Funds* account for the accumulation of resources for and the payment of principal and interest on certain long-term debt. Non-major debt service funds include the Public Improvement Revenue Bonds Fund, General Obligation Bonds Fund, and the Lease Financing Debt Service Fund.

*Capital Project Funds* account for financial resources segregated for the acquisition or construction of major capital facilities. Non-major capital project funds include the Local Option Sales Tax Fund, Vehicle Replacement Fund, Technology Improvements Fund, General Facility Improvement Fund, Recreational Facility Improvement Fund, OSC Extension Landfill Fund, and Police Construction Fund.

During the course of operations, the City has activity between funds for various purposes. Any residual balances outstanding at year-end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal services funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

#### **E - Measurement Focus and Basis of Accounting**

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured, such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, sales taxes, franchise fees, utility taxes, state revenue sharing, charges for services, and investment earnings associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been

incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Reimbursement related to hurricane Irma (Disaster Grants - Public Assistance) has been recognized as revenue in the year in which the reimbursement was obligated even if all obligated funds have not been received within 60 days after year-end. All other revenue items are considered to be measurable and available only when cash is received by the City.

The proprietary and pension funds are reported using the *economic resources measurement focus* and the *accrual basis of accounting*.

Unearned revenues in governmental funds include amounts collected before the revenue recognition criteria are met. The unearned amount typically consists of license revenue collected in advance of the ensuing year.

#### **F - Budgetary Information**

1. *Budgetary Basis of Accounting*

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund, community redevelopment agency, non-major special revenue funds, and debt service funds. Capital projects funds are developed and monitored in the City's ten-year Capital Improvement Program and appropriated annually.

The appropriated budget is prepared by fund, function, and department. The City's finance director, city manager or designee may make transfers of appropriations within a department up to established thresholds, but not between funds. Transfers of appropriations between funds require the approval of the council. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the fund level.

Appropriations in all budgeted funds lapse at the end of the fiscal year even if they have related encumbrances. Encumbrances are commitments related to unperformed (executory) contracts for goods or services (i.e., purchase orders, contracts, and commitments). Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. While all appropriations and encumbrances lapse at year-end, valid outstanding encumbrances (those for which performance under the executor contract is expected in the next year) are re-appropriated and become part of the subsequent year's budget pursuant to state regulations.

2. *Excess of Expenditures Over Appropriations*

The City has no excess of expenditures over appropriations in the General Fund or major special revenue funds. For the year ended September 30, 2021, expenditures exceeded appropriations in the following non-major funds (the legal level of budgetary control): (a) solid waste special revenue fund by \$77,661; (b) law enforcement special revenue fund by \$299; (c) police donations special revenue fund by \$9,230; (d) second dollar education special revenue fund by \$2,247; and (e) state law enforcement special revenue fund by \$5,035.

**G - Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance**

1. Cash and Cash Equivalents

For purposes of cash flows, cash and cash equivalents include cash on hand, cash on deposit, external investment pools, and all highly liquid investments (including restricted assets) with a maturity of 90 days or less when purchased. All cash and investments of the enterprise funds represent an equity position in the City's internal pool of cash and investments. The City currently holds \$4,147 available as petty cash.

The City maintains a cash and investment pool that is used by all funds. This pool includes deposits and overnight repurchase agreements, amounts with the State Board of Administration (SBA) and Florida Safe. Interest income earned as a result of pooling is distributed to the appropriate funds based on the average daily balance of cash in each fund for the period.

2. Investments

Investments for the City are reported at fair value within the fair value hierarchy established in accordance with Governmental Accounting Standards Board (GASB) Statement No. 72, *Fair Value Measurement and Application*, unless the investment qualifies as an external investment pool. External investment pools are an arrangement that commingles (pools) the monies of more than one legally separate entity and invests, on the participants' behalf, in an investment portfolio and one or more of the participants is not part of the sponsor's reporting entity. GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, addresses accounting and financial reporting for pools. Specifically, it establishes criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost for financial reporting purposes if the pool meets the criteria of GASB Statement No. 79.

Fair Value Measurement - The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques.

These guidelines recognize a three-tiered fair value hierarchy, in order of highest priority, as follows:

- Level 1 Inputs: Quoted price for identical assets in an active market.
- Level 2 Inputs: (A) Quoted prices for similar assets or liabilities in active markets; (B) quoted prices for identical or similar assets or liabilities in markets that are not active; (C) inputs other than quoted prices that are observable for the assets or liabilities, such as: (1) interest rates and yield curves observable at commonly quoted intervals, (2) implied volatilities, (3) credit spreads; (D) market-corroborated inputs.
- Level 3 Inputs: Unobservable inputs for an asset or liability are significant to the fair value measurements.

3. Receivables

All receivables are shown net of an allowance for uncollectibles. Accounts receivable in excess of 90 days comprise the accounts receivable allowance for uncollectibles.

4. Inventories and Prepaid Items/Expenses

Inventories are valued at cost using the first-in/first-out (FIFO) method and consist of expendable supplies and repair parts. The cost of such inventories is recorded as expenditures or expenses when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items are recorded as expenditures or expenses when consumed rather than when purchased.

5. Capital Assets

Property, plant and equipment, and infrastructure assets (i.e., roads, streets and sidewalks, curbs and gutters, drainage systems, and lighting systems) purchased or acquired are carried at historical cost or estimated historical cost and are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Contributed assets are recorded at acquisition value as of the date received. The City defines capital assets as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

The City has some capital assets that meet the definition of intangible assets per GASB Statement No. 51, *Accounting and Financial Reporting for Intangible Assets*, including computer software and reclaimed water capacity.

Property, plant and equipment of the primary government are depreciated using the straight-line method over the following useful lives.

<u>Classification</u>	<u>Useful Life</u>
Buildings	50 Years
Machinery and Equipment	5-25 Years
Intangibles	5-25 Years
Improvements and Infrastructure	10-50 Years

Amortization of assets recorded under capital leases is included with depreciation expense.

6. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The City has two items that qualify for reporting in this category. They are the deferred charge on refunding reported in the government-wide and proprietary fund statement of net position, and the deferred outflows of pension earnings. A deferred loss on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The City has one item that qualifies for reporting in this category, deferred inflows related to pensions.

7. *Net Position Flow Assumption*

Sometimes the City will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted - net position and unrestricted - net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted - net position to have been depleted before unrestricted - net position is applied.

8. *Fund Balance Flow Assumptions*

Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

9. *Fund Balance Policies*

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The City itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the City's highest level of decision-making authority. The City Council is the highest level of decision-making authority for the City that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as committed. The City Council has, by resolution, authorized the finance director to assign fund balance. The Council may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

## **H - Revenues and Expenditures/Expenses**

### **1. Program Revenues**

Amounts reported as *program revenues* include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and 2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources, are reported as general revenues rather than as program revenues.

### **2. Property Taxes**

Under Florida law, the assessment of all properties and the collection of all City property taxes are consolidated in the offices of the County Property Appraiser and County Tax Collector. The laws of the State regulating tax assessment are also designed to assure a consistent property valuation method statewide. State statutes permit cities to levy property taxes at a rate of up to ten (10) mills. The millage rate in effect for the City for the fiscal year ended September 30, 2021, was 5.1230 mills.

The tax levy of the City is established by the City Council prior to October 1 of each year and the Seminole County Property Appraiser incorporates the millage into the total tax levy, which includes the municipalities, independent districts, and the County School Board tax requirement. All property is reassessed according to its fair market value on the lien date or January 1 of each year.

All taxes are due and payable on the levy date of November 1 of each year, or as soon thereafter as the assessment roll is certified and delivered to the Tax Collector. All unpaid taxes become delinquent on April 1 following the year in which they are assessed. Discounts are allowed for early payment at the rate of 4% for payments received in the month of November, 3% for payments received in the month of December, 2% for payments received in the month of January, and 1% for payments received in the month of February. The taxes paid in March are not subject to discount.

Delinquent taxes on real property bear interest of 18% per year. On or prior to June 1 following the tax year, certificates are sold for all delinquent taxes on real property. Application for a tax deed on any unredeemed tax certificates may be made by the certificate holder after a period of two years. Unsold certificates are held by the County.

### **3. Compensated Absences**

City policy permits employees to accumulate earned but unused vacation and sick pay benefits. The City records the vested portion of accumulated unused compensated absences at year-end based on each employee's accumulated unused hours and rate of pay, including the City's share of Social Security and Medicare taxes and retirement benefits. All compensated absences are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements. For governmental activities, compensated absences are generally liquidated by the General Fund.

4. Proprietary Funds Operating and Non-Operating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds and internal service funds are charges to customers for sales and services. The City also recognizes as operating revenues the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for the enterprise funds and internal service funds include the cost of sales and services, administrative expenses, depreciation on capital assets, and amortization of intangible assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

**I - Other Significant Accounting Policies**

1. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosures of contingent assets and liabilities as of the financial statement date and the reported amounts of revenues and expenses or expenditures during the reporting period. Actual results could differ from those estimates.

**J - Subsequent Event**

Subsequent to September 30, 2021, the City received funding through the *American Rescue Plan Act* (ARPA) on October 7<sup>th</sup>, 2021, in the amount of \$10,482,867. ARPA was signed into law on March 11, 2021, to provide \$350 billion in additional funding for state and local governments. Due to no allowable cost incurring or other eligibility requirements not yet met, there was no revenue or receivables recorded related to these funds as of September 30, 2021.

**Note 2 - Reconciliation of Government-Wide and Fund Financial Statements**

**A - Explanation of Certain Differences between the Governmental Fund Balance Sheet and the Government-Wide Statement of Net Position**

The governmental fund balance sheet includes reconciliation between *fund balance - total governmental funds* and *net position of governmental activities* as reported in the government-wide statement of net position.

**B - Explanation of Certain Differences between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-Wide Statement of Activities**

The governmental fund balance sheet includes reconciliation between *fund balance - total governmental funds* and *net position of governmental activities* as reported in the government-wide statement of net position.

**Note 3 - Stewardship, Compliance, and Accountability**

In accordance with the Fund Reserve Policy, the City reserves an amount equal to 15 percent of the annual General Fund budget and a minimum of one hundred twenty (120) days of the Water and Sewer Utility Enterprise Fund operating budget less depreciation, annual debt service, and capital expenditures. The

City also maintains a minimum capital reserve balance in the Water and Sewer Renewal and Replacement Fund equal to 50 percent of the prior year depreciation expense for plant and equipment. The purpose of this policy is to provide capacity to provide sufficient cash flow for daily financial needs, to have the ability to offset significant economic downturns or revenue shortfalls, and to provide funds for unforeseen expenditures related to emergencies or other unanticipated needs.

If at the end of the fiscal year, the actual amount of assigned fund balance, or restricted net position falls below the required level, the City Council will take necessary steps to replenish the reserve to the targeted level in the subsequent fiscal year. If the ending unassigned fund balance in the General Fund is above 15 percent of General Fund expenditures at fiscal year-end, the City Council may transfer the excess amount to any of the non-Water and Sewer Utility Capital Project Funds. The City Manager will disclose the excess amount, if any, after the completion of the financial audit and recommend transfer options for the subsequent fiscal year.

**Note 4 - Detailed Notes on all Activities and Funds**

**A - Cash Deposits with Financial Institutions**

*Custodial credit risk-deposits.* In the case of deposits, this is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City does not have a deposit policy for custodial credit risk. As of September 30, 2021, the carrying amount of the City's deposits was \$16,634,561 and the bank balances were \$17,708,533. All of the bank balance was covered by federal depository insurance or by collateral held by the City's bank in the City's name. None of the amount was covered by collateral held in the pledging bank's trust department in the City's name.

The City's bank balances are insured by the Federal Deposit Insurance Corporation (FDIC) in the amount of \$250,000 for each banking relationship. Remaining balances are collateralized pursuant to Chapter 280, Florida Statutes. Under this chapter, all depositories holding public funds collateralize deposits in excess of FDIC insurance with the State Treasurer. In the event of default by a participating financial institution (a qualified public depository), all participating institutions are obligated to reimburse the governmental entity for the loss.

**B - Investments**

As of September 30, 2021, the City's investment portfolio was composed of the following investments, including information on their fair value and weighted average maturity (WAM):

<u>Type</u>	<u>Fair Value</u>	<u>WAM</u>
Pooled Interest Bearing		
Checking Accounts	\$ 16,634,661	N/A
Florida Prime	14,128,801	49 Days
Certificates of Deposit	2,600,000	Less than 1 year
Florida Safe VNAV	11,277,887	Less than 1 year
Florida Safe SNAV	4,720,893	Less than 1 year
<b>Total</b>	<u><u>\$ 49,362,242</u></u>	

The City utilizes a pooled investment concept for all its funds to maximize its investment program. Investment income from this internal pooling is allocated to the respective funds based upon the sources of funds invested. As of September 30, 2021, the carrying amount of investments includes accrued interest of \$22,790.

City of Oviedo, Florida  
**Notes to Financial Statements**  
September 30, 2021

Investments in certificates of deposit are to be made only with banks and/or savings and loans that qualify as authorized depositories under Florida law. City policy provides for other investments to be made through authorized depositories. State statutes and City policy authorize investments in U.S. Treasury Bills, Notes, and Bonds; insured or fully collateralized certificates of deposit or bank savings accounts; U.S. Government Instrumentalities; Local Government Investment Pools (LGIP); SBA intermediate term investment pools; and money market funds and mutual funds that invest solely in U.S. Government obligations.

The City investments in external investment pools are as follows:

**Florida PRIME**—The fund is administered by the SBA. As a Florida PRIME participant, the City invests in a pool of investments whereby the City owns a share of the respective pool, not the underlying securities. Florida PRIME currently meets all of the necessary criteria to elect to measure all of the investments at amortized cost.

**Florida SAFE Stable NAV**—The fund is administered by PMA Financial Network, LLC. The fund's investments are valued at stable net asset value (NAV) and currently meet all of the necessary criteria to elect to measure all of the investments in the fund at amortized cost.

**Florida SAFE Variable NAV**—The fund is administered by PMA Financial Network, LLC. The fund is valued at variable NAV and thus does not meet the criteria to elect to measure all of the investments at amortized cost under GASB Statement No. 79. Because it values its investments at variable NAV, which approximates fair value, the fund is not subject to the fair value hierarchy table under GASB Statement No. 72.

The following schedule reconciles the cash, cash equivalents, and investment balances as shown in the financial statements with the portfolio totals shown above authorized under Sections 218.415 and 166.261 of Florida State Statutes:

<b>Cash, Cash Equivalents, and Investments - Statements of Net Position</b>	
Cash and Cash Equivalents	\$ 16,327,936
Investments	28,006,687
<b>Restricted Assets</b>	
Cash and Cash Equivalents	5,054,556
<b>Total Cash, Cash Equivalents, and Investments</b>	<u><u>\$ 49,389,179</u></u>
Portfolio Total Shown Above	\$ 49,362,242
Plus: Cash on Hand	4,147
Plus: Accrued Interest	22,790
<b>Total Cash, Cash Equivalents, and Investments</b>	<u><u>\$ 49,389,179</u></u>

*Interest rate risk.* The investment portfolio policy of the City has the objective of regularly exceeding the average return on the SBA's Local Surplus Funds Trust Fund (Florida PRIME) for short-term investments (less than a year in duration) and for long-term investments, an index of the United States Treasury or Government securities. These indices are considered benchmarks for the riskless investment transactions and, therefore, comprise a minimum standard for the portfolio rate of return.

The investment portfolio policy of the City states that investments shall be held to maturity unless called. Investments shall be structured so as to maintain a Portfolio Average Maturity of no longer than five years. For purposes of meeting this limitation, variable rate securities shall be measured on the basis of the period elapsed between interest reset dates. No investment shall be made in an instrument with a stated final maturity longer than five years. Below are the credit quality distributions for securities with credit exposure as a percentage of total investments with investments held in the City's portfolio as of September 30, 2021:

**Credit Quality Distribution for Securities  
With Credit Exposure as a Percentage of Total Investments**

<u>Type of Investment</u>	<u>Credit Rating</u>	<u>Percentage of Total</u>
Florida Safe SNAV	AAAm	44%
Certificate of Deposit	N/A	8%
Florida Prime	AAAm	34%
Florida Safe VNAV	AAAf	14%

*Credit Risk*

Securities shall be limited to those rated BAA or higher by Moody's or Standard & Poor's rating services. Unrated investments are typically U.S. Agency backed securities.

*Concentration of Credit Risk*

The investment portfolio policy of the City has the objective of structuring investments as to not allow for an investment in any one type of issue (e.g. Federal Home Loan Bank) that is in excess of 50% of the City's total investments.

*Custodial Credit Risk-Investments*

For an investment, this is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

As of September 30, 2021, the City has satisfied all of the objectives and requirements laid out in the City's investment policy and held no investments that were not in compliance with policy.

Investment income for the year ended September 30, 2021, consisted of the following:

	<u>General Fund</u>	<u>Community Redevelopment Agency</u>	<u>3rd Generation Sales Tax Fund</u>	<u>Other Governmental Funds</u>	<u>Water and Sewer Utility Fund</u>	<u>Storm Water Utility Fund</u>	<u>Internal Service Funds</u>
Interest Income	\$ 38,825	\$ 3,621	\$ 8,446	\$ 24,709	\$ 65,530	\$ 5,839	\$ 6,266

City of Oviedo, Florida  
**Notes to Financial Statements**  
September 30, 2021

The Firefighters' Pension Trust Fund and the Police Officers' Retirement Trust Fund have the following recurring fair value measurements as of September 30, 2021:

		Fair Value Measurements Using		
		Quoted Priced in Active Markets Level (1)	Significant Observable Outputs Level (2)	Significant Unobservable Inputs Level (3)
<b>Firefighters' Pension Trust Fund</b>	<b>September 30, 2021</b>			
Equities:				
Unit Investment Trust	\$ 1,562,963	\$ -	\$ -	\$ 1,562,963
Fixed Income - Mutual Funds	18,439,396	18,439,396	-	-
<b>Total</b>	<b>\$ 20,002,359</b>	<b>\$ 18,439,396</b>	<b>\$ -</b>	<b>\$ 1,562,963</b>
<b>Police Officers' Retirement Trust Fund</b>				
Equities:				
Mutual Funds	\$ 23,201,213	\$ 23,201,213	\$ -	\$ -
Unit Investment Trusts	1,516,697	-	-	1,516,697
Fixed Income:				
Mutual Funds	2,413,090	2,413,090	-	-
U.S. Government Obligations	3,315,711	2,573,200	742,511	-
Corporate Bonds	1,800,761	-	1,800,761	-
<b>Total</b>	<b>\$ 32,247,472</b>	<b>\$ 28,187,503</b>	<b>\$ 2,543,272</b>	<b>\$ 1,516,697</b>

Debt and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices. Investments in U.S. Real Estate Investment Funds (Unit Investment Trusts) are considered to be Level 3 and are valued at net asset value in accordance with their operating agreement.

### C - Receivable

Amounts are aggregated into a single accounts receivable (net of allowance for uncollectibles) line for certain funds and aggregated columns. Below is the detail of receivables for the general and non-major governmental funds, as well as the enterprise fund, in the aggregate, including the applicable allowances for uncollectible accounts:

	General Fund	Other Governmental Funds	Water and Sewer Utility Fund	Stormwater Fund	Twin Rivers Golf Course Fund	Internal Service Funds
Accounts Receivable	\$ 4,465,832	\$ 280,150	\$ 1,640,682	\$ 549,353	\$ 10,470	\$ 1,623
Insurance Receivable	-	-	-	-	-	74,475
(Less Allowance for Doubtful Accounts)	(3,399,269)	(94,937)	(866,984)	(376,068)	-	-

City of Oviedo, Florida  
**Notes to Financial Statements**  
September 30, 2021

Depreciation expense was charged to functions/programs of the primary government as follows:

Governmental Activities:	
General Government	\$ 107,014
Public Safety	777,139
Transportation, Including Depreciation of	
General Infrastructure Assets	1,855,223
Culture and Recreation	1,323,472
<b>Total Depreciation Expense</b>	<b>\$ 4,062,848</b>
Business-Type Activities:	
Water and Sewer Utility	\$ 3,482,257
Stormwater	708,052
<b>Total Depreciation Expense</b>	<b>\$ 4,190,309</b>

**E – Interfund Balances and Transfers**

The composition of interfund transfers for the year ended September 30, 2021, is as follows:

	Transfer In						Total
	General Fund	3rd Generation Sales Tax	Other Governmental Fund	Water and Sewer Fund	Stormwater Fund	Internal Service Funds	
General Fund	\$ -	\$ -	\$ 5,403,694	\$ -	\$ -	\$ 459,376	\$ 5,863,070
Community Redevelopment Non-Major	253,448	-	-	-	-	-	253,448
Governmental Funds	269,068	240,068	959,255	-	-	177	1,468,568
Water/Sewer Utility Fund	2,150,000	-	131,910	-	83,453	105,898	2,471,261
Stormwater Fund	225,000	-	79,140	130,271	-	34,844	469,255
Twin Rivers Gold Fund	-	-	-	-	12,150	-	12,150
Internal Service Funds	-	-	-	-	-	2,790	2,790
<b>Total</b>	<b>\$ 2,897,516</b>	<b>\$ 240,068</b>	<b>\$ 6,573,999</b>	<b>\$ 130,271</b>	<b>\$ 95,603</b>	<b>\$ 603,085</b>	<b>\$ 10,540,542</b>

Transfers are used to: 1) move revenue from the fund with collection authorization to the debt service fund as debt service principal and interest payments become due; and 2) move unrestricted general fund revenues to finance various programs that the government must account for in other funds in accordance with budgetary authorizations, including amounts provided as subsidies or matching funds for various grant programs.

The due to other funds balances consist of \$451,061 advanced from the Water and Sewer Utility Fund to fund the Oviedo on the Park Project and to fund the new fire station. The advance for Oviedo on the Park was approved by City Council as a promissory note of up to \$300,000 and is to be repaid in equal installments over 10 years, plus interest at 2.71%. The advance for the new fire station was approved by City Council as a promissory note of up to \$705,000 to be repaid over 10 years, plus interest at 2.5%.

The water and sewer utility fund and the stormwater fund advanced \$850,590 to the Twin Rivers Golf Course fund to be repaid by June 19, 2022, plus interest at a rate equal to the City's deposit earnings, 1.22% at September 30, 2021. As of September 30, 2021, the outstanding principal balance was \$850,590 and accrued interest of \$40,864.

City of Oviedo, Florida  
**Notes to Financial Statements**  
September 30, 2021

Other interfund receivables and payables are the result of transfers of resources resulting from pooled cash transactions. In addition, temporary advances between funds occurred that will be repaid or offset during the next fiscal year.

**F - Lease Obligations**

The City has entered into lease agreements as lessee for financing the acquisition of vehicles, as well as certain equipment. These lease agreements qualify as capital leases for accounting purposes and, accordingly, have been recorded at the present value of their future minimum lease payments as of the inception date. The aggregate cost and accumulated depreciation of assets acquired through capital leases are as follows:

	<b>Governmental Activities</b>	<b>Business-Type Activities</b>
Machinery and Equipment	\$ 3,282,899	\$ 302,684
Less: Accumulated Depreciation	<u>(2,323,255)</u>	<u>(302,684)</u>
<b>Total</b>	<b><u>\$ 959,644</u></b>	<b><u>\$ -</u></b>

The future minimum lease obligations and the net present value of these minimum lease payments as of September 30, 2021, were as follows:

<b>Year Ended September 30,</b>	<b>Governmental Activities</b>
2022	\$ 496,585
2023	449,918
2024	249,692
2025	170,593
2026	91,494
2027-2031	<u>45,734</u>
<b>Total Minimum Lease Payments</b>	1,504,016
<b>(Less Amount Representing Interest)</b>	<u>(36,350)</u>
<b>Present Value of Minimum Lease Payments</b>	<b><u>\$ 1,467,666</u></b>

**G - Long-Term Liabilities**

*General Obligation Notes*

The City issued general obligation notes to provide funds for the acquisition and construction of major capital facilities. General obligation notes are direct obligations and pledge the full faith and credit of the government, provided that the levy of ad valorem taxes by the City in each year for the payment of debt service on the Series 2013 notes shall not exceed 0.9 mills on all of the taxable property in the City. The total principal and interest remaining to be paid on this series is \$6,356,331. For the fiscal year, principal and interest paid on this series was \$486,534 and total pledged revenue was \$490,460.

General obligation bonds and notes outstanding at September 30, 2021, are as follows:

<b>Governmental Activities:</b>					
<b>General Obligation Bonds</b>	<b>Sale Date</b>	<b>Original Borrowing</b>	<b>Interest Rates to Maturity</b>	<b>Final Maturity</b>	<b>Outstanding September 30, 2021</b>
Limited Ad Valorem Notes,					
Direct Placement	2013	\$ 5,900,000	3.25%	2033	\$ 5,183,000

City of Oviedo, Florida  
**Notes to Financial Statements**  
September 30, 2021

*Public Improvement Notes*

Public improvement notes outstanding at September 30, 2021, are as follows:

<b>Governmental Activities:</b>					
<b>Public Improvement Notes</b>	<b>Sale Date</b>	<b>Original Borrowing</b>	<b>Interest Rates to Maturity</b>	<b>Final Maturity</b>	<b>Outstanding September 30, 2021</b>
Public Improvement (Refunding - Series A), Direct Placement	2012	\$ 6,526,000	1.94%	2022	\$ 1,413,000
Public Improvement, Direct Placement	2013	\$ 3,900,000	2.44%	2028	\$ 2,400,000

The Public Improvement Revenue Refunding Note, Series 2012A is secured by utility tax revenue and communication services tax revenue. The total principal and interest remaining to be paid on this series is \$1,440,538. For the fiscal year, principal and interest paid on this series was \$721,076, and total pledged revenue was \$4,903,303.

The Public Improvement Revenue Note, Series 2013 is secured by utility tax revenue and communication services tax revenue. The note is not to exceed \$3,900,000. During 2014, the City drew the remaining funds available on the note. The total principal and interest remaining to be paid on this series is \$2,634,240. For the fiscal year, total principal and interest paid on this series was \$362,220 and total pledged revenue was \$4,903,303.

*Capital Improvement Notes*

Capital improvement notes outstanding at September 30, 2021, are as follows:

<b>Business Activity Long-Term Liabilities</b>	<b>\$ 50,578,639</b>	<b>\$ 34,923,280</b>	<b>\$ (32,850,996)</b>	<b>\$ 52,650,923</b>	<b>\$ 2,186,574</b>

Landfill post-closure care is discussed in Note 4, I. - Commitments and Contingencies, 3. - Landfill Post-Closure Care. Pension and OPEB liabilities related to governmental activities are liquidated by the general fund.

The City issued \$28,360,000 in Utility Refunding Revenue Bonds, Series 2020A (Refunding) dated November 3, 2020. The City refunded bonds by depositing with the U.S. Bank National Association, as escrow holder, certain sums into an escrow account created pursuant to that certain Escrow Deposit Agreement dated November 25, 2020, between the City and the Escrow Holder. The proceeds were used to advance refund the outstanding Utility Revenue Bonds, Series 2010B Build America Bonds (BABs). The

escrow funds were used to make an interest payment of \$322,196 and redeem the principal balance of \$30,820,000 for the Advances Refunding of BABs on December 6, 2020. As a result of the refunding, the City reduced its total debt service requirements, which resulted in an economic gain of \$5,392,283. The debt service of the BABs was \$47,226,074 and the debt service of the Refunding was \$40,221,115 for a difference of \$7,004,959.

## H - Risk Management

### 1. Public Risk Management of Florida

On October 1, 1998, the City became a member of Public Risk Management of Florida (the pool), a local government liability risk pool. The pool has 63 local government agency members. The pool administers insurance activities relating to property, general liability, police professional, automobile liability, public officials' liability, workers' compensation, and boiler and machinery. The pool absorbs losses up to a specified amount for each pool year and purchases excess and other specific coverage from third-party carriers. The pool assesses each member its pro rata share of the estimated amount required to meet current year losses and operating expenditures/expenses. If total member assessments do not produce sufficient funds to meet its obligations, the pool can make additional limited assessments. Losses, if any, in excess of the pool's ability to assess its members would revert back to the member that incurred the loss. There were no additional assessments levied against the City for the fiscal year ended September 30, 2021. The cost of the insurance is allocated among the appropriate departments.

### 2. Self-Insured for Employee Health Insurance

The City is self-insured for employee health insurance. As permitted by GASB Statement No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*, the City accounts for its self-insured assets, liabilities, net position and activities in an internal service fund.

The claims liability of \$224,034 has been actuarially determined and represents the best estimate available of incurred but not reported claims.

Changes to the claims liability are as follows for the years ended September 30:

	<b>2021</b>	<b>2020</b>
<b>Claim Liability, Beginning of Year</b>	\$ 256,060	\$ 222,503
Incurred Claims	3,283,467	3,893,231
Payments on Claims	(3,315,493)	(3,859,674)
<b>Claim Liability, End of Year</b>	<u>\$ 224,034</u>	<u>\$ 256,060</u>

## I - Commitments and Contingencies

### 1. Litigation

The City is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the City Attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the City.

Subsequent to September 30, 2021, the Seminole County Court entered judgement in favor of the plaintiff and against the City in the amount of \$3,587,024 for litigation that was ongoing during the fiscal year then ended. City Council has determined, upon advice of counsel, that the Court may have erred in applying the law applicable to the issues of the case and the City has instructed that the necessary steps be taken to appeal the decision.

2. Commitments Under Construction Contracts and Encumbrances

At September 30, 2021, the City had general fund encumbrances of \$395,295, other governmental encumbrances of \$1,362,021, ongoing governmental construction commitments of \$533,819, and proprietary construction commitments of \$1,053,714 for various infrastructure improvements.

3. Landfill Post-Closure Care

A landfill was acquired in its present state from Seminole County and has never been operated by the City in any capacity. The landfill was sold to an entity during the year ended September 30, 2021.

4. FEMA

A payment was received by the City from FEMA related to hurricane Charley which affected Florida in 2004. FEMA has informed the City that they believe the City was overpaid approximately \$342,634. The City is also owed funds related to hurricane Irma. The City has netted the due to/due from FEMA as there is some dispute over the overpayment, showing a net due from FEMA of \$57,598 in the General Fund.

5. Grants

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government and the State of Florida. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

6. Transportation Impact Fee Credits

The City has entered into a number of agreements with developers under which the developer donates transportation infrastructure improvements or rights of way to the City and receives credit for future transportation impact fee payments. As of September 30, 2021, credit balances for future impact fees total approximately \$3,752,656.

**J - Defined Contribution Plan**

The City established a single employer, defined contribution money purchase plan (the Plan) in June 1995 administered by ICMA Retirement Corporation, that covers all full-time employees other than those covered by the Police Officers' Retirement Trust Fund and Firefighters' Pension Trust Fund (see below). The City Manager, Assistant City Manager, and Department Directors have the option of contributing 0% to 10% and vesting immediately. Other Plan members are required to contribute 1% - 10% (employee choice upon hire). The City matches participant contributions up to a maximum of 5% of the employee's salary. At September 30, 2021, there were 157 Plan members.

All full-time employees hired after the effective date of the Plan are required to participate in the Plan. Employees hired prior to the effective date may choose whether or not to participate in the Plan. However, once an employee chooses to participate, they must continue to participate as long as they are a full-time employee of the City. All employees participate in the Plan. The Plan also includes loan provisions for participating employees. For the year ended September 30, 2021, the City's expense for matching contributions was \$405,067. No forfeitures were used to reduce the City's expense in 2021, and there is no outstanding employer liability at September 30, 2021.

City contributions become vested to participants based on the number of years of service completed. The vesting schedule for City contributions is as follows (exception to vesting schedule is that Directors vest immediately):

<u>Years of Service</u>	<u>Specific Percent Vesting</u>
1	20%
2	40%
3	60%
4	80%
5	100%

#### **K - Defined Contribution Plan**

The City offers its employees a deferred compensation plan created in accordance with the Internal Revenue Code Section 457. The plan, available to all full-time City employees, permits employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. Because the plan assets are held in trust for the exclusive benefit of plan participants and their beneficiaries, the plan is not accounted for in the City's financial statements.

#### **L - Defined Benefit Pension Plans**

The City has two defined benefit single-employer pension plans:

- Police Officers' Retirement Trust Fund
- Firefighters' Pension Trust Fund

The plans do not issue stand-alone financial reports and are not included in any other retirement systems or entities financial report. The City accounts for both plans as pension trust funds; therefore, they are accounted for in substantially the same manner as proprietary funds. Plan member contributions, employer contributions and contributions from other entities are recognized in the period in which the contributions are due. Benefits and refunds are recognized when due and payable in accordance with the terms of the plans.

The following are the financial statements for the Police Officers' Retirement Trust Fund and Firefighters' Pension Trust Fund as of September 30, 2021:

City of Oviedo, Florida

<b>Net Position, Ending</b>	<b>\$ 36,129,735</b>	<b>\$ 20,402,831</b>	<b>\$ 56,532,566</b>

For the year ended September 30, 2021, total recognized pension expense was \$186,246.

In addition to other disclosures, the GASB requires a schedule of changes in the net pension liability and related ratios; a schedule of contributions; and a schedule of investment returns that include historical trend information. These schedules are included as required supplementary information to the financial statements.

1. Fire

Effective October 1, 2002, the City established a single employer, defined benefit pension plan that covers all full-time firefighters. Benefits, eligible employees, contribution requirements, and other benefits are established by State statute and City ordinance. Additionally, employee contributions are tax deferred for federal withholding purposes under Section 414(h) of the Internal Revenue Code.

The Plan is administered by a Board of Trustees comprised of two council appointees, two members of the Department elected by the membership, and a fifth member elected by the other four members, and appointed by Council.

**Benefits Provided** - The Plan provides retirement, termination, disability, and death benefits. Normal retirement is defined as the earlier of age 55 and 10 years of credited service, or age 52 and 25 years of credited service. Retirement benefits are calculated as 3% of average final compensation times credited service. Early retirement for Firefighters is defined as age 50 and 10 years of credited service. Retirement benefits are reduced 3% per year. Employees are 100% vested after 10 years of credited services. Members will receive the vested portion of his (her) accrued benefit payable at the otherwise normal retirement date. All Plan members are eligible for non-service incurred disability benefits after 10 years of credited service, and for service incurred disability benefits upon date of employment. Disability benefits are accrued to date of disability but not less than 42% of average final compensation (service incurred) or 25% of average final compensation (not service incurred). Vested members will receive pre-retirement death benefits as a monthly accrued benefit payable to the designated beneficiary for 10 years at the otherwise normal or early retirement date. Non-vested members will receive pre-retirement death benefits as a refund of accumulated contributions without interest.

Participants who satisfy normal retirement requirements have the option to enter the Deferred Retirement Option Program (DROP). Participation is limited to 36 months. The participant may elect either: 1) net investment return credited each quarter (not less than 0%, nor greater than 10%); or 2) a fixed annual effective rate of 3.0% compounded and credited monthly. The participant has the option of changing the option once during the period of DROP participation.

Effective September 30, 2016, excess Premium Tax Monies received pursuant to Chapter 175, Florida Statutes will be allocated to individual member (including DROP participants) share accounts based on years of Credited Service. To assist with Plan funding, the City may use the amount of Premium Tax Monies received in fiscal 2013 (\$273,286.09) plus 50% of annual monies received in excess of this amount. The remaining 50% excess is allocated to the Share Plan, beginning with the fiscal year ended September 30, 2016. Expenses related to administration of the Share Plan are debited against individual accounts on a pro rata basis.

*Plan Membership*—at October 1, 2020, Plan membership consisted of the following:

Inactive Plan Members or Beneficiaries Currently Receiving Benefits	14
Inactive Plan Members Entitled to but Not Yet Receiving Benefits	9
Active Plan Members	<u>50</u>
<b>Total</b>	<u><b>73</b></u>

City of Oviedo, Florida  
**Notes to Financial Statements**  
September 30, 2021

*Contributions*—Member contributions are 7% of salary. City and State contributions are the remaining amount necessary to pay current costs and amortize unfunded past service cost, if any, as provided in Part VII of Chapter 112, Florida Statutes.

*Net Pension Liability of the City*

The City's net pension liability was measured as of September 30, 2021, and the total pension liability used to calculate the net pension liability was determined as of that date. The components of the net pension liability of the sponsor on September 30, 2021, were as follows:

Total Pension Liability	\$ 21,215,907
Plan Fiduciary Net Position	<u>(20,441,959)</u>
Sponsor's Net Pension Liability	<u>\$ 773,948</u>
Plan Fiduciary Net Position as a Percentage of Total Pension Liability	96.35%

*Actuarial Assumptions*

The Total Pension Liability was determined by an actuarial valuation as of October 1, 2020, updated to September 30, 2021, using the following actuarial assumptions:

Inflation	2.5%
Salary Increases	Service Based
Discount Rates	7.10%
Investment Rate of Return	7.10%

Mortality rates were based on the following:

*Mortality Rate Healthy Active Lives:*

Female: PubS.H-2010 (Below Median) for Employees, set forward one year.

Male: PubS.H-2010 (Below Median) for Employees, set forward one year.

*Mortality Rate Healthy Retiree Lives:*

Female: PubS.H-2010 (Below Median) for Healthy Retirees, set forward one year.

Male: PubS.H-2010 (Below Median) for Healthy Retirees, set forward one year.

*Mortality Rate Beneficiary Lives:*

Female: PubG.H-2010 (Below Median) for Healthy Retirees.

Male: PubG.H-2010 (Below Median) for Healthy Retirees, set back one year.

*Mortality Rate Disabled Lives:*

80% PubG.H-2010 for Disabled Retirees / 20% PubS.H-2010 for Disabled Retirees.

All rates are projected generationally with Mortality Improvement Scale MP-2018.

The actuarial assumptions used in the October 1, 2020 valuation, were based on the results of an actuarial experience study performed on July 30, 2019.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. For 2021, the inflation rate assumption was 2.50%.

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2021, are summarized in the following table:

**Firefighters:**

<b>Asset Class</b>	<b>Target Allocation</b>	<b>Long-Term Expected Real Rate of Return</b>
All Cap Value Equity	27.5%	7.5%
Broad Growth Equity	27.5%	7.5%
International Equity	15.0%	8.5%
Fixed Income (Core)	15.0%	2.5%
Global Bond	5.0%	3.5%
Real Estate	10.0%	4.5%
<b>Total</b>	<b>100.0%</b>	

*Discount Rate*—The discount rate used to measure the total pension liability was 7.10%. The projection of cash flows used to determine the discount rate assumed that Plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current Plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

*Concentrations*—The Plan did not hold investments in any one organization that represent 5% or more of the Pension Plan's Fiduciary Net Position.

*Rate of Return*—For the year ended September 30, 2021, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 23.06%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

2025	(501,498)
2026	13,489
Thereafter	276,253

## 2. Police

The City established a single-employer, defined benefit pension plan that covers all full-time sworn police officers' effective October 1, 1991.

The Plan is administered by a Board of Trustees comprised of two council appointees, two members of the Department elected by the membership, and a fifth member elected by the other four members, and appointed by Council as a ministerial duty.

**Benefits Provided** - The Plan provides retirement, termination, disability, and death benefits. Normal retirement is defined as the earlier of age 55 and 10 years of credited service, or 25 years of credited service, regardless of age. Retirement benefits are calculated as 3% of average final compensation times credited service. Early retirement is defined as age 45 and 10 years of credited service. Retirement benefits are reduced 3% for each year that the commencement of benefits precedes normal retirement. Employees hired prior to January 1, 2006, are 100% vested after 5 years of credited services. Employees hired after December 31, 2005, are 100% vested after 10 years of credited service. Members will receive the vested portion of his (her) accrued benefit payable at the otherwise normal retirement date. All Plan members are eligible for non-service incurred disability benefits after 10 years of credited service, and for service incurred disability benefits upon date of employment. Disability benefits are accrued to date of disability but not less than 42% (80% if intentional violence) of average final compensation (service incurred). Pre-retirement death benefits for vested members are an accrued benefit payable to the beneficiary for 10 years beginning at the deceased member's normal retirement date, or actuarially reduced for payment commencing earlier. Pre-retirement death benefits for non-vested members are a refund of accumulated member contributions.

The Plan established a DROP, under which an employee who has completed twenty-five (25) years of service may elect to retire for pension purposes without terminating employment for up to 3 years. Once DROP is elected, it may not be revoked, and employment will automatically cease at the end of 3 years. Bargaining unit employees, upon entering DROP, will have their monthly DROP benefit placed in a DROP account and will have the choice of either of the following options:

1. 3% Rate of Return; or
2. The net rate of investment return for the Plan, not to be less than 0%.

While in DROP, bargaining unit employees may elect, one time only, to change their rate of return from option 1 to option 2, or option 2 to option 1. Said change shall be executed by the employee in writing and the change shall commence on the first day of the new quarter after the request has been received by the Pension Board.

City of Oviedo, Florida  
**Notes to Financial Statements**  
September 30, 2021

Effective September 30, 2017, excess Premium Tax Monies received pursuant to Chapter 185, Florida Statutes will be allocated to individual member (including DROP participants) share accounts based on years of Credited Service. Annual Premium Tax Revenues in excess of \$215,956 will be allocated equally to eligible Plan participants. Expenses related to administration of the Share Plan are debited against individual accounts on a pro rata basis.

*Plan Membership* - At October 1 2020, plan membership consisted of the following:

Inactive Plan Members or Beneficiaries Currently Receiving Benefits	30
Inactive Plan Members Entitled to but not yet Receiving Benefits	10
Active Plan Members	<u>68</u>
<b>Total</b>	<u><u>108</u></u>

*Contributions*

Member contributions are 6% of Salary, effective September 27, 2010. City and State contributions are the remaining amount necessary to pay current costs and amortize unfunded past service cost, if any, as provided in Chapter 112, Florida Statutes.

*Net Pension Liability of the City*

The City's net pension asset was measured as of September 30, 2021, and the total pension liability used to calculate the net pension asset was determined as of that date. The components of the net pension asset of the sponsor on September 30, 2021, were as follows:

Total Pension Liability	\$ 32,849,350
Plan Fiduciary Net Position	<u>(36,014,599)</u>
Sponsor's Net Pension Asset	<u><u>\$ 3,165,249</u></u>

Plan Fiduciary Net Position as a Percentage of Total Pension Asset	109.64%
--	---------

*Actuarial Assumptions*

The Total Pension Liability was determined by an actuarial valuation as of October 1, 2020, updated to September 30, 2021, using the following actuarial assumptions:

Inflation	2.50%
Salary Increase	Service Based
Discount	7.00%
Investment Rate of Return	7.00%

Mortality rates were based on the following:

*Mortality Rate Healthy Active Lives:*

Female: PubS.H-2010 (Below Median) for Employees, set forward one year.

Male: PubS.H-2010 (Below Median) for Employees, set forward one year.

*Mortality Rate Healthy Retiree Lives:*

Female: PubS.H-2010 for Healthy Retirees, set forward one year.

Male: PubS.H-2010 (Below Median) for Healthy Retirees, set forward one year.

*Mortality Rate Beneficiary Lives:*

Female: PubG.H-2010 (Below Median) for Healthy Retirees.

Male: PubG.H-2010 (Below Median) for Healthy Retirees, set back one year.

*Mortality Rate Disabled Lives:*

80% PubG.H-2010 for Disabled Retirees / 20% PubS.H-2010 for Disabled Retirees.

All rates are projected generationally with Mortality Improvement Scale MP-2018.

The actuarial assumptions used in the October 1, 2020 valuation, were based on the results of an actuarial experience study performed on November 2, 2020.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class.

For 2021, the inflation rate assumption of the investment advisor was 2.50%.

These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of geometric real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2021, are summarized in the following table:

<b>Asset Class</b>	<b>Target Allocation</b>	<b>Long-Term Expected Real Rate of Return</b>
All Cap Value Equity	25.0%	7.5%
Broad Growth Equity	25.0%	7.5%
International Equity	15.0%	8.5%
Fixed Income (Core)	15.0%	2.5%
Global Bond	5.0%	3.5%
Real Estate	10.0%	4.5%
GTAA	5.0%	3.5%
<b>Total</b>	<b>100.0%</b>	

*Discount Rate*

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that Plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current Plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

City of Oviedo, Florida  
**Notes to Financial Statements**

<b>Balance at September 30, 2021</b>	<b>\$ 32,849,350</b>	<b>\$ 36,014,599</b>	<b>\$ (3,165,249)</b>

**Sensitivity on the Net Pension Liability (Asset) to Changes in the Discount Rate**

	1% Decrease 6.00%	Discount Rate 7.00%	1% Increase 8.00%
Plan Sponsor's Net Position Liability (Asset)	\$ 827,182	\$ (3,165,249)	\$ (6,492,507)

**Concentrations**—The Plan did not hold investments in any one organization that represent 5 percent or more of the Pension Plan's Fiduciary Net Position.

**Rate of Return**—For the year ended September 30, 2021, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 23.29%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

**Pension Expense, Deferred Outflows and Inflows of Resources**—For the year ended September 30, 2021, the sponsor will recognize a pension expense of \$181,954. On September 30, 2021, the sponsor reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	\$ 489,764	\$ 541,195
Changes in Assumptions	1,374,936	-
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	-	3,529,192
<b>Total</b>	<b>\$ 1,864,700</b>	<b>\$ 4,070,387</b>

City of Oviedo, Florida  
**Notes to Financial Statements**  
September 30, 2021

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ended September 30,</u>	
2022	\$ (772,182)
2023	(511,696)
2024	(467,581)
2025	(745,477)
2026	(726,652)
Thereafter	1,020,901

On September 30, 2021, the sponsor reported a payable of \$15,197 for the outstanding amount of contributions of the pension plan required for the year ended September 30, 2021.

**M - Other Postemployment Benefits (OPEB)**

*Plan Description*

The OPEB Plan is a single-employer, defined benefit plan administered by the City. In accordance with Florida Statutes Section 112.0801, the City makes continued group health insurance coverage through the City's current provider available to retirees and eligible dependents provided certain service requirements and normal age retirement requirements have been met.

*Retirement Eligibility*

**General Employees**

Participants are eligible for medical continuation at age 62 and 10 years of service, or 25 years of service.

**Firefighters**

Participants are eligible for Normal Retirement upon attaining the earlier of: 1) Age 55 and 10 Years of Credited Service; or 2) Age 52 and 25 Years of Credited Service. They are eligible for Early Retirement at Age 50 with 10 Years of Credited Service.

**Police Officers**

Participants are eligible for Normal Retirement upon attaining the earlier of: 1) Age 55 and 10 Years of Credited Service; or 2) 25 Years of Credited Service. They are eligible for Early Retirement at Age 45 with 10 Years of Credited Service.

<i>Benefit Provided</i>

Coverage Ceases	All Forms of Coverage Cease Upon the Earlier of Death or Discontinuance of Required Cost Sharing	All Forms of Coverage Cease upon the Earlier of Death or Discontinuance of Required Cost Sharing
<u>Dental and Vision Coverage</u>	Not Available to Retirees	Not Available to Retirees
<u>Life Insurance Coverage</u>		
Eligibility	\$10,000	N/A
Retiree Cost Sharing	\$1.84/Month	N/A
Coverage Ceases	All Forms of Coverage Cease Upon the Earlier of Death or Discontinuance of Required Cost Sharing	N/A

City of Oviedo, Florida  
**Notes to Financial Statements**  
September 30, 2021

Post 65 medical coverage is available and hasn't been elected by any retirees as of October 1, 2020.

*Employees Covered by Benefit Terms*

At October 1, 2020 (the valuation date), the following employees were covered by the benefit terms:

Inactive Employees or Beneficiaries Currently Receiving Benefits	38
Inactive Employees Entitled to but not yet Receiving Benefits	-
Active Employees	<u>297</u>
	<u>335</u>

*Employer Contributions*

The funding policy of the plan sponsor is to contribute annually an amount sufficient to satisfy benefit payment requirements to participants.

*Employee Contributions*

None.

**Total OPEB Liability**

The City's total OPEB liability of \$3,097,000 as of September 30, 2021, for the City's fiscal year and reporting period of October 1, 2020 to September 30, 2021. The values shown for this fiscal year and reporting period are based on a measurement date of October 1, 2020, and the corresponding measurement period of October 1, 2019 to October 1, 2020. The measurement of the total OPEB liability is based on a valuation date of October 1, 2020.

Total OPEB Liability	\$ 3,097,000
Plan Fiduciary Net Position	<u>-</u>
Sponsor's Net OPEB Liability	<u>\$ 3,097,000</u>

Plan Fiduciary Net Position as a Percentage of Total OPEB Liability	0.00%
---	-------

*Actuarial Assumptions and Other Inputs*

The total OPEB liability in the October 1, 2020, actuarial valuation, was determined using the following key actuarial assumptions, applied to all periods included in the measurement:

Discount Rate	2.41% (Municipal GO AA 20-year yield curve rate as of the measurement date).
Salary Scale	General Employees: 2.50%, Firefighters: 3.00%, Police Officers: 6.00%.
Health Care Cost Trend Rates:	6.75% for fiscal year-end 2021, decreasing 0.25% per year to an ultimate rate of 5.00%.
Mortality:	RP-2014 Mortality Table, fully generational with base year 2006, projected using two-dimensional mortality improvement scale MP-2020.
Actuarial Cost Method:	Entry Age Actuarial Cost Method

City of Oviedo, Florida  
**Notes to Financial Statements**  
September 30, 2021

**Change in Total OPEB Liability**

	<b>OPEB Liability</b>
<b>Balance at October 1, 2020</b>	<u>\$ 2,921,000</u>
Changes for the Year:	
Service Cost	199,000
Interest	84,000
Differences Between Expected and Actual Experience	(125,000)
Changes of Assumptions	135,000
Benefit Payments	(117,000)
Net Changes	<u>176,000</u>
<b>Balance at September 30, 2021</b>	<u><u>\$ 3,097,000</u></u>

*Sensitivity of the Net OPEB Liability to Changes in the Discount Rate*

The following presents the net OPEB liability/(asset) of the employer as of the measurement date calculated using the discount rate, as well as what the employer's net OPEB liability would be if it were calculated using a discount rate that is 1 percentage-point lower or 1 percentage-point higher than the current rate:

	<b>1% Decrease</b>	<b>Current Discount Rate</b>	<b>1% Increase</b>
	<b>1.41%</b>	<b>2.41%</b>	<b>3.41%</b>
Plan Sponsor's Net OPEB Liability	\$ 3,536,000	\$ 3,097,000	\$ 2,737,000

*Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rates.*

The following presents the total OPEB liability of the employer, as well as what the employer's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage-point lower or 1 percentage-point higher than the current healthcare cost trend rates:

	<b>1% Decrease</b>	<b>Current Trend Rate</b>	<b>1% Increase</b>
Plan Sponsor's Net OPEB Liability	\$ 2,813,000	\$ 3,097,000	\$ 3,439,000

*OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB*

For the year ended September 30, 2021, under GASB Statement No. 75 the employer OPEB expense is \$389,000. The deferred outflow of resources and deferred inflows of resources related to OPEB as of September 30, 2021, from various sources are as follows:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences Between Expected and Actual Experience	\$ 344,000	\$ (110,000)
Changes in Assumptions	427,000	-
Employer Contributions after Measurement Date but Prior to Fiscal Year-End	117,000	-
<b>Total</b>	<u><u>\$ 888,000</u></u>	<u><u>\$ (110,000)</u></u>

City of Oviedo, Florida  
**Notes to Financial Statements**  
September 30, 2021

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expenses as follows (excluding the balance attributable to employer's contributions to the plan in the fiscal year and subsequent to the total OPEB liability measurement date):

<u>Year Ended September 30,</u>	
2022	\$ 100,000
2023	100,000
2024	100,000
2025	100,000
2026	100,000
Thereafter	<u>161,000</u>
Total not including contributions after the measurement date	<u>\$ 661,000</u>

**N - Fund Balances**

In accordance with GASB Statement No. 54, the components of the fund balances of governmental funds now reflect the classifications described below.

*Non-Spendable Fund Balance*

Amounts that are: (a) not in spendable form; or (b) legally or contractually required to be maintained intact.

*Restricted Fund Balance*

Amounts that can be spent only for specific purposes stipulated by: (a) external resource providers such as creditors (by debt covenants), grantors, contributors, or laws and regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

*Committed Fund Balance*

Amounts that can be used only for the specific purposes determined by a formal action of the Council Members, the City's highest level of decision-making authority, with formal action occurring prior to fiscal year-end. Commitments may be changed or lifted only by the Council Members taking the same formal action (resolution) that imposed the constraint originally.

*Assigned Fund Balance*

Includes spendable fund balance amounts intended by management to be used for a specific purpose, as discussed previously in Note 1. Fund balance flow assumptions are also discussed in Note 1.

*Unassigned Fund Balance*

This classification represents fund balance that has not been assigned to other funds and has not been restricted, committed, or assigned to specific purposes within the General Fund. Unassigned fund balance may also include negative balances for any governmental fund, except the General Fund, if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

The General Facility Improvements Capital Projects Fund has a deficit fund balance of \$56,415, the Police Construction Fund has a deficit fund balance of \$124,287 at September 30, 2021.

City of Oviedo, Florida  
**Notes to Financial Statements**  
September 30, 2021

At September 30, 2021, the City's government fund balances were classified as follows:

	General Fund	Community Redevelopment Agency	3rd Generation Sales Tax	Other Governmental Funds	Total Governmental Funds
<b>Fund Balance</b>					
Non-Spendable:					
Prepaid Items	\$ 60,352	\$ -	\$ -	\$ 1,358,480	\$ 1,418,832
Restricted for:

<b>Total Fund Balance</b>	<b>\$ 11,273,949</b>	<b>\$ 1,575,575</b>	<b>\$ 2,521,208</b>	<b>\$ 7,391,514</b>	<b>\$ 22,762,246</b>

**O - Tax Abatements**

The City enters into tax abatement agreements with local businesses under the Qualified Target Industry Tax Refund program, authorized by Section 288.106 Florida Statutes. Under the Statutes, the City may offer tax refund incentives for companies that create high wage jobs in targeted high value-added industries. Qualified companies who create jobs in Florida receive tax refunds depending on the number of new jobs created, salary level, and certain other criteria. For the fiscal year ended September 30, 2021, the City abated taxes totaling \$42,898 under this program.

**Required Supplementary Information**

**Schedule of Changes in the City's Net Pension Liability and Related Ratios - Firefighters' Retirement Trust**

Last Ten Fiscal Years\*

*(Concluded)*

**Notes to Schedule:**

*Changes of Assumptions:*

For measurement date September 30, 2021, the investment rate of return was lowered from 7.40% to 7.10% per year, net of investment related expenses.

For measurement date September 30, 2020, as mandated by Chapter 2015-157, *Laws of Florida*, the assumed rates of mortality were changed to the rates used in Milliman's July 1, 2019, FRS valuation report for specific risk employees, with appropriate adjustments made based on plan demographics.

\* Only 8 years of data available; additional years' information will be displayed as it becomes available.

**Note to Schedule:**

*Changes of Assumptions:*

For measurement date September 30, 2021, the investment rate of return was lowered from 7.30% to 7.00% per year, net of investment related expenses.

For measurement date September 30, 2020, as mandated by Chapter 2015-157, *Laws of Florida*, the assumed rates of mortality were changed to the rates used in Milliman's July 1, 2019, FRS valuation report for specific risk employees, with appropriate adjustments made based on plan demographics.

The Board approved the following changes to the assumptions in conjunction with an actuarial experience study dated November 2, 2020:

- Lowering the investment return assumption from 7.65% to 7.30% per year, net of investment-related expenses.
- Lowering the assumed rates of individual salary increases from 4.50% to 3.50% for members with 20 or more years of Credited Service.
- Modifying the assumed rates for Normal Retirement, generally assuming greater deferral for members with less than 25 years of Credited Service.
- Lowering the overall assumed rates of withdrawal for those with less than 10 years of Credited Service, while increasing rates for those with 10-14 years of Credited Service.
- Increasing the assumed rates of disablement to 300% of the previously assumed rates at each age.

\* Only 8 years of data available; additional years' information will be displayed as it becomes available.

**Notes to Schedule:**

Valuation Date: October 1, 2019

*Methods and Assumptions Used in Calculations of Actuarially Determined Contribution Rates:*

The actuarially determined contribution rates are calculated as October 1, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Mortality Rate	<p><i>Healthy Active Lives: Female: PubS.H-2010 (Below Median) for Employees, set forward one year.</i></p> <p><i>Male: PubS.H-2010 (Below Median) for Employees, set forward one year.</i></p> <p><i>Healthy Retiree Lives: Female: PubS.H-2010 for Healthy Retirees set forward one year.</i></p> <p><i>Male: PubS.H-2010 (Below Median) for Healthy Retirees, set forward one year.</i></p> <p><i>Beneficiary Lives: Female: PubG.H-2010 (Below Median) for Healthy Retirees.</i></p> <p><i>Male: PubG.H-2010 (Below Median) for Healthy Retirees, set back one year.</i></p> <p><i>Disabled Lives: 80% PubG.H-2010 for Disabled Retirees / 20% PubS.H-2010 for Disabled Retirees.</i></p>
Interest Rate	7.10% per year, compounded annually, net of investment-related expenses.
Normal Retirement	Members are assumed to retire with 50% probability in the first two years of eligibility and are assumed to retire with 100% probability thereafter. This assumption was approved in conjunction with an actuarial experience study dated July 2019.
Early Retirement	Commencing with the earliest Early Retirement Age (age 50 with 10 years of Credited Service). Members are assumed to retire with an immediate subsidized benefit at the rate of 5% per year. This assumption was approved in conjunction with an actuarial experience study dated July 2019.
Payroll Growth	None
Funding Method	Frozen Entry Age Actuarial Cost Method.
Salary Increases	The rates below are based on results of a July 2019 Experience Study.
Disability Rates	See Table below. It is assumed that 90% of Disability retirements are duty-related.
Termination Rates	The rates below are based on results of a July 2019 Experience Study.
Asset Methodology	All assets are valued at fair value with an adjustment made to uniformly spread actuarial investment gains and losses (as measured by actual fair value investment return against expected fair value investment return) over a four-year period.

Termination Rates		Salary Increases		Disability Rates	
Years of Service	Termination Probability	Years of Service	Salary Increase	Age	Disability Probability
Less than 1 Year	20.00%	Less than 1 Year	10.00%	25	0.03%
1-5	4.00%	1-4	5.50%	35	0.05%
6-19	2.00%	5-15	5.00%	45	0.10%
20+	0.00%	16+	3.00%	65	2.22%

**Notes to Schedule:**

Valuation Date: October 1, 2019

*Methods and Assumptions Used in Calculations of Actuarially Determined Contribution Rates:*

The actuarially determined contribution rates are calculated as October 1, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

**Mortality Rate** *Healthy Active Lives: Female: PubS.H-2010 (Below Median) for Employees, set forward one year.*

*Male: PubS.H-2010 (Below Median) for Employees, set forward one year.*

*Healthy Retiree Lives: Female: PubS.H-2010 for Healthy Retirees set forward one year.*

*Male: PubS.H-2010 (Below Median) for Healthy Retirees, set forward one year.*

*Beneficiary Lives: Female: PubG.H-2010 (Below Median) for Healthy Retirees.*

*Male: PubG.H-2010 (Below Median) for Healthy Retirees, set back one year.*

*Disabled Lives: 80% PubG.H-2010 for Disabled Retirees / 20% PubS.H-2010 for Disabled Retirees.*

**Termination Rates** See table below. These rates were developed based upon a November 2020 Experience Study.

**Disability Rates** See table below. It is assumed that 75% of Disability retirements are duty-related.

**Normal Retirement** See table below, based on results of the November 2020 Experience Study.

% Retiring During the Year (10-24 Years of Service)			% Retiring During the (>= 25 Years of Service)		
Age	Rate	Prior Rate	Service	Rate	Prior Rate
55-56	10.00%	33.00%	25-26	100.00%	33
57-59	30.00%	100.00%	27+	100.00%	100
60+	100.00%	100.00%			

**Early Retirement** Members are assumed to retire with an immediate subsidized benefit at the rate of 5% per year.

This assumption was evaluated in the November, 2020 Experience Study.

**Interest Rate** 7.00% per year, compounded annually, net of investment related expenses.

Final Salary Load	Plan Entry Date	Probability of Retirement
	Before 10/1/07	20.00%
	After 9/30/07	10.00%
	After 2/28/13	0.00%

This assumption is based on information previously provided by the City

**Salary Increases** See table below. These rates were developed based upon a November 2020 Experience Study.

**Payroll Growth** None

**Funding Method** Entry Age Normal Actuarial Cost Method.

**Asset Smoothing Methodology** The Actuarial Value of Assets is brought forward using the historical four-year geometric average of Fair Value Returns (net-of-fees). Over time, this may result in a demeris bias that is above or below the Fair Value of Assets.

Disability Rates		Termination Rates		Salary Increases	
% Becoming Disabled During the Year		Credited Service	Withdrawal Assumptions	Credited Service	% Becoming Disabled During the Year
Age	Rate				
25	0.09%	<5	9.00%	<5	8.50%

Covered Payroll	0.72%	1.47%	1.17%	0.24%

**Notes to Schedule:**

The employer has elected to make an annual contribution equal to the benefit payments. The employer share of net benefits is the difference between the expected benefit payments and the retiree contributions. It is sometimes referred to as "pay-as-you-go".

The expected benefit payments are actuarially determined to reflect the age difference between the overall covered group and the retiree group.

Actuarially determined contribution, which are based on the "pay-as-you-go" cost, and actual contributions are from the measurement periods ending September 30 of the year prior to the year-end of the reporting period shown.

\* Only 4 years of data available; additional years' information will be displayed as it becomes available.

**COMBINING AND INDIVIDUAL FUNDS STATEMENTS AND SCHEDULES  
NON-MAJOR GOVERNMENTAL FUNDS**

**This page intentionally left blank**

### **Non-Major Special Revenue Funds**

Special revenue funds are used to account for proceeds of specific revenue sources that are legally restricted to expenditure for specified purposes.

**Capital Expansion Fund** - to account for the City's Administration, Police, Fire, Recreation, Tree Bank, Multi Mobility, and Public Arts impact fee revenues and the expenditures (allowable under state statute) for increased general, police/fire protection, recreational improvements, tree bank, transportation, and public arts (resulting from growth) made there from.

**Local Option Gas Tax Fund** - to account for the City's share of local option gas tax revenues that are specifically restricted for the maintenance and operation of the City's highways, streets, and right-of-ways, and may be used towards capital improvement projects.

**State Law Enforcement Fund** - to account for the City's share of fines and forfeitures received through the City and County Investigative Bureau (CCIB) and similar programs that are specifically restricted to law enforcement education and edification.

**Federal DEA Grant (Forfeiture) Fund** - to account for the City's share of federally forfeited property that is specifically restricted to law enforcement purposes.

**State Pension Contributions Fund** - to account for intergovernmental revenue from the state that is transferred to the Police and Fire Pension funds.

**Sidewalk Fund** - to account for funds collected and used for operating and maintaining of sidewalks.

**Streetlight Fund** - to account for funds collected to be used to operate and maintain the public right-of-way street lights, and to establish a capital infrastructure expansion fund to install new street lights.

**Solid Waste Fund** - to account for funds collected and paid to a third party for waste collection services.

**Building Services Fund** - to account for operations of the building inspection, plans review, and permitting.

**Transportation Impact Fees Fund** - to account for the City's transportation impact fee revenues and expenditures (as restricted by state statute) for transportation-related improvements (resulting from growth) made there from.

**Law Enforcement Fund** - to account for the City's share of reimbursed investigative funds that are specifically restricted to law enforcement purposes.

**Police Donations Fund** - to account for donated funds received that are specifically restricted for law enforcement purposes.

**Second Dollar Education Fund** - to account for the City's share of funds created by criminal justice education funding that are restricted to educational programs and training courses for police department personnel.

### **Non-Major Debt Service Funds**

Debt service funds are used to account for the receipt of funds related to the issuance of debt and the disbursement of debt service payments.

**Public Improvement Revenue Bonds Fund** - to account for the debt service payments for the City's general governmental activities bonds.

**General Obligation Bonds Debt Service Fund** - to account for the receipt of the revenues associated with the debt millage and the payment of the debt service for the general obligation bonds and notes.

**Lease Financing Debt Service Fund** - to account for the payment of the debt related to the City's capital lease.

### **Non-Major Capital Project Funds**

Capital project funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds and trust funds.

**Local Option Sales Tax** - to account for the City's road construction projects funded by the extra one cent sales tax approved by voters.

**Vehicle Replacement Fund** - to account for the purchase of transportation vehicles for the General and Special Revenue Funds.

**Technology Improvements Fund** - to account for the purchase of the City's technology improvements as they relate to the General and Special Revenue funds.

**General Facility Improvements Fund** - to account for the purchase and improvement of the City's facilities as they relate to the General and Special Revenue funds.

**Recreational Facility Improvement Fund** - to account for the purchase and improvement of the City's recreational facilities as they relate to the General and Special Revenue funds.

**OSC Extension Landfill Fund** - to account for the costs associated with the post-closure monitoring of the OSC Extension Landfill.

**Police Construction Fund** - to account for the construction of the new police station.

### **Internal Service Funds**

Internal service funds are used to account for services provided to other departments of the government on a cost-reimbursement basis.

**Health Insurance Fund** - to account for the City's self-insurance health plan and City paid employee long-term disability and life insurance.

**Insurance Deductible Fund** - to account for the City's insurance deductible expenses relating to general liability, property, and workers compensation claims.

**Fleet Fund** - to account for the City's fleet maintenance program.

## **STATISTICAL SECTION**

**This page intentionally left blank**

This part of the City of Oviedo's (the City) annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosure, and required supplementary information says about the City's overall financial health.

## **CONTENTS**

	<b>Page</b>
<b>Financial Trends</b>	116
These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	
<b>Revenue Capacity</b>	122
These schedules contain information to help the reader assess the factors affecting the City's ability to generate its property and sales tax.	
<b>Debt Capacity</b>	126
These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	
<b>Demographic and Economic Information</b>	131
These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place and help make comparisons over time and with other governments.	
<b>Operating Information</b>	133
These schedules contain information about the City's operations and resources to help the reader understand how the City's financial information relates to the services the City provides and the activities it performs.	

**Sources:** Unless otherwise noted, the information in these schedules is derived from the annual comprehensive reports for the relevant year.

<b>Notes:</b>									
(1)	Gross revenue of the System is computed per bond resolution requirements, and is equivalent to revenue recognized under generally accepted accounting principles (GAAP). The bond resolution defines the System as collectively, the Water System, the Sewer System, the Reuse System, and the Stormwater System.								
(2)	"Direct operating expense" of the System is computed per bond resolution requirements, and is equal to expenses recognized under GAAP (less interest, depreciation, and amortization expense), losses on disposal of fixed assets, and non-recurring transfers out.								
(3)	Reflects the minimum of: 1) the System Development Charges collected; or 2) the annual Bond Service Requirement on the the Outstanding and Additional Bonds multiplied by the respective Water and Sewer Expansion Percentage.								
(4)	Public Improvement Revenue Bonds and Capital Improvement Revenue Bonds/Notes were refinanced in Fiscal Year 2012.								
(5)	During FY12 refinance, Capital Improvement Revenue Note, Series 2009 was included with the Capital Revenue Improvement Bonds/Notes.								
(6)	System Development Charges were restated in Fiscal Year 2013.								
(7)	Restated amount in Fiscal Year 2013 to include electric franchise fees.

Footnotes on following page.

**Footnotes:**

- [1] Amounts reflect the combination of Utility Enterprise System and Stormwater System financial results. Numbers may not add due to rounding.
- [2] Amounts shown reflect revenues derived from rates for monthly service for water, sewer, reclaimed water, and stormwater service.
- [3] Amounts shown do not include revenues associated with proceeds from the sale or other disposition of the Utility System or any part thereof, condemnation awards or proceeds of issuance received with respect to the Utility System. Other Operating Revenues do not include Contributions in Aid of Construction, Water System Development Charges or Sewer System Development Charges. Amounts include, among other things, revenue from alternative water charges, meter installation charges, late penalty fees, reconnection fees, and miscellaneous charges for service. Amounts also include revenues from Build America Bond rebates. During FY 2018, it was determined that developer contributions had been included in FY 2017, this was adjusted and reflects a decrease in FY 2017 Other Operating Revenues.
- [4] Amounts shown only reflect earnings from funds and accounts established by the City that are considered unrestricted (earnings not required to be retained in such funds and accounts and are available as a component of Net Revenues). Earnings from System Development Charge Funds, the Construction Funds established from previously issued Series 2007 Note, the Series 2010A and Series 2010B Utility Revenue Bonds, and the Series 2020A Utility Revenue Bonds are considered restricted to such accounts and not considered as a component of net available revenue for this analysis. Additionally, all fair market value adjustments to reflect unrealized changes in the market value of the City's investments have been recognized in order to report investment income that was earned and received by the City.
- [5] Amounts shown do not include depreciation and amortization expenses, which are non-cash expenses and are not considered as part of the Cost of Operation and Maintenance as defined in the Bond Resolution. Reserves for renewals and replacements, Payments in Lieu of Taxes (PILOT) and any administrative indirect expenses incurred by departments of the City, other than those directly responsible for operating and maintaining the Utility System, are not reflected as part of the Cost of Operation and Maintenance pursuant to the Bond Resolution. The payment of the administrative indirect expenses have been recognized as a required transfer after the payment of all required deposits delineated in the Bond Resolution (e.g. the Bond Service Requirement) for rate covenant evaluation purposes since the payment of such expenses are budgeted transfers from the Revenue of the Utility System and relate to the general management and support functions of the Utility System.
- [6] Amounts reflect Bond Service Requirement on Outstanding Bonds issued in accordance with the provisions of the Bond Resolution.
- [7] Reference is made to the Rate Covenant as more fully described in Section 20, article (D) of the Bond Resolution (referred as the "COVENANTS OF THE ISSUER - Rate Covenant").
- [8] Amounts reflect the System Development Charges Available for Bond Service Requirement considering that pursuant to the Bond Resolution, the Water and Sewer System Development Charges for each year shall not include any amounts in excess of the Bond Service Requirement for each series of Bonds for each Bond Year multiplied by the Expansion Percentages.
- [9] Adjusted Net Revenue determined as follows: calculated only for the rate covenant contained in the State Revolving Fund (SRF) Loan Agreement administered by the FDEP:

	Fiscal Year Ended September 30,				
	2017	2018	2019	2020	2021
Net Revenues [18]	\$ 9,020,853	\$ 8,693,601	\$ 8,754,646	\$ 9,773,637	\$ 9,816,937
Less Senior Lien Debt Service	3,588,941	3,631,334	3,920,151	3,918,641	3,516,421
Less Senior Lien Debt Service Coverage Requirement (10% of Debt Service)	358,894	363,133	392,015	391,864	351,642
Net Revenues Available for SRF Loan Coverage Calculation	<u>\$ 5,073,018</u>	<u>\$ 4,699,134</u>	<u>\$ 4,442,480</u>	<u>\$ 5,463,131</u>	<u>\$ 5,948,874</u>

- [10] Amounts reflect repayment of low interest loans secured through the State Revolving Fund (SRF) loan program as administered by the FDEP and have a second lien on the Pledged Revenues after the payment of the Outstanding Bonds. Such amounts are considered as a Subordinate Debt and are considered as a required use of funds deposited in the Revenue Fund pursuant to the flow of funds delineated in the Bond Resolution.
- [11] Reflects other required transfers, which are recognized in the flow of funds to be funded from deposits to the Revenue Fund as provided in the Bond Resolution payment, which are subordinate to the payment of the Bond Service Requirement. Required deposits to the Bond Service Fund and the Subordinate Debt Service Fund are shown separately in order to show compliance with rate covenant per Bond Resolution and the rate coverage test per the SRF Loan Agreement.
- [12] No deposit to the Reserve Account was recognized since the fund was considered fully funded during the Historical Period by: i) proceeds from the issuance of the Outstanding Bonds; or ii) secured by a debt service reserve credit facility during such period.
- [13] Amounts shown presented for disclosure purposes only and reflect other transfers that have been recognized since: i) such transfers are set by City financial policy (deposit to the information technology and vehicle replacement funds); and ii) represent a General Obligation of the Utility System that must be funded from the Revenue Fund (deposited from surplus revenues after the payment of all required transfers) (SunTrust Generator) Lease, BB&T (Street Sweeper) Lease, and Bank of America (Meter Replacement) Lease.
- [14] Amounts shown reflect annual deposits to the Vehicle Replacement Fund and the Information Technology Fund which have been established by the City and used as an Utility System asset replacement fund. Amounts reflected since funds are used specifically for Utility System asset replacement.
- [15] Amounts shown reflect payments for leases payable from Utility System revenue after payment of all other required transfers as delineated in the Bond Resolution and include the following. Such leases are not secured by a lien on net revenues of the Utility System.

	Fiscal Year Ended September 30,				
	2017	2018	2019	2020	2021
Subordinate Leases					
BOA (Meter Replacement) Lease (a)	\$ 289,580	\$ 289,518	\$ 289,455	\$ 289,390	\$ -
Total Subordinate Leases	<u>\$ 289,580</u>	<u>\$ 289,518</u>	<u>\$ 289,455</u>	<u>\$ 289,390</u>	<u>\$ -</u>

(a) Reflect lease for conversion of manual read meters to radio read meters; cost is allocated to Utility System and is identified as a recognized transfer.

- [16] Amounts shown do not include pledged Utility Enterprise System Development Charges which are deposited in a restricted fund and are available for capacity-related capital projects; amount represents additional funds available for any other Utility System renewal and replacements and any other lawful purposes of the Utility System.
- [17] During FY 2018, it was determined that developer contributions had been included in Other Operating Revenues in FY 2017. This was adjusted in FY 2018, and reflects an overall decrease in Net Revenues. As a result of the adjustment to Net Revenues for FY 2017, the Calculated Bond Service Coverage ratio was also amended for FY 2017 from 2.73 to 2.51.

The City has elected not to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Mayor and City Council  
City of Oviedo  
Oviedo, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Oviedo, Florida (the City) as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated March 21, 2022.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

*A deficiency in internal control* exists when the design or operations of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Honorable Mayor and City Council  
City of Oviedo  
Oviedo, Florida

### Report on Compliance for Each Major Federal Program

We have audited the City of Oviedo, Florida's (the City) compliance with the types of compliance requirements described in the OMB *Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended September 30, 2021. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements for Federal Awards* (Uniform Guidance). Those standards, and the Uniform Guidance, require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on the City's compliance.

### Opinion on Each Major Federal Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2021.

### CERTIFIED PUBLIC ACCOUNTANTS

Honorable Mayor and City Council  
City of Oviedo  
Oviedo, Florida

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH  
MAJOR FEDERAL PROGRAM AND ON INTERNAL  
CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

**Report on Internal Control Over Compliance**

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, non-compliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material non-compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

- No summary schedule of prior audit findings is required because there were no prior audit findings related to Federal Programs.

## MANAGEMENT LETTER

Honorable Mayor and City Council  
City of Oviedo  
Oviedo, Florida

### Report on the Financial Statements

We have audited the financial statements of the City of Oviedo, Florida (the City) as of and for the fiscal year ended September 30, 2021, and have issued our report thereon dated March 21, 2022.

### Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, *Rules of the Auditor General*.

### Other Reports and Schedules

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance; Schedule of Findings and Questioned Cost; and Independent Accountant's Report on examination conducted in accordance with American Institute of Certified Public Accountants Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports, which are dated March 21, 2022, should be considered in conjunction with this management letter.

### Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address significant findings and recommendations made in the preceding annual financial audit report. There were no such findings in the preceding audit report.

### Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. These disclosures can be found in Note 1 to the financial statements.

## MANAGEMENT LETTER

### Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require a statement be included as to whether or not the local government entity has met one or more of the conditions described in Section 218.503(1), Florida Statutes, identification of the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures for the City. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

### Special District Component Units

Section 10.554(1)(i)5.c., *Rules of the Auditor General*, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, *Rules of the Auditor General*, the Oviedo Community Redevelopment Agency (CRA) reported this information in the CRA's separately issued financial statements.

### Additional Matters

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires us to communicate non-compliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

### Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the City Council and applicable management, and is not intended to be, and should not be, used by anyone other than these specified parties.

**INDEPENDENT ACCOUNTANT'S REPORT ON COMPLIANCE  
WITH THE REQUIREMENTS OF SECTION 218.415, FLORIDA STATUTES**

Honorable Mayor and City Council  
City of Oviedo  
Oviedo, Florida

We have examined the City of Oviedo, Florida's (the City) compliance with the requirements of Section 218.415, Florida Statutes, as of and for the year ended September 30, 2021, as required by Section 10.556(10)(a), *Rules of the Auditor General*. Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied, in all material respects, with the requirements referenced above. An examination involves performing procedures to obtain evidence about whether the City complied with the specific requirements. The nature, timing, and extent of procedures selected depend on our judgement, including an assessment of the risk of material non-compliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the City's compliance with specific requirements.

In our opinion, the City complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2021.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Members of the City Council, and applicable management, and is not intended to be, and should not be, used by anyone other than these specified parties.
